

## HAVE CONFIDENCE IN NEW ADMINISTRATION

### Mexicans and Foreigners Look to Military Regime as a Stable One

## ELECTION WILL BE HELD

### Diaz Will Have Three Opponents in Race for the Presidency to be Held Soon

## MADERO'S BODY WILL BE HELD

MEXICO CITY, FEB. 24.—The American ambassador, Henry Lane Wilson, made the following statement tonight regarding the death of Madero and Suarez:

"In the absence of other reliable information, I am disposed to accept the government's version of the manner in which the ex-president and ex-vice-president lost their lives. Certainly the deaths of these persons were without government approval and if the deaths were the result of a plot, it was of restricted character and of unknown to the higher officials of the government. Mexican public opinion has accepted this view of the affair and it is not at all excited. The present government seems to be invoking marked evidence of activity, firmness and prudence as far as I have been able to ascertain throughout the republic indicating the early re-establishment of peace. The government as constituted is very friendly to the United States and is desirous of affording protection to all foreigners.

### Madero's Death.

"For the present American opinion should deal with the situation calmly and accept with great reserve the lurid and highly colored stories which are being furnished by some few correspondents. The great majority of the correspondents here are endeavoring to deal fairly with the situation. Unofficial investigations indicate that Madero and Suarez were killed at the rear of the penitentiary on the opposite side from the city and the entrance. The track of automobiles, supposed to have been those conveying the prisoners could be discerned along side the building leading to the road crossing back to the city. Their actual developments with regard to the methods employed were as lacking today as they were Sunday. The Noticiero, a Spanish daily newspaper openly scouts the idea of an attacking party, alleging that it was 'all the part of a concocted plan for the elimination of prisoners whose position was an embarrassment to the government.' The paper adds that a certain officer had received orders to have a troop in readiness and this contingent figured in the plan.

The officers in charge of the investigation were engaged in preparatory work today. They declare that they will place the blame where it belongs.

Confidence in the new administration is growing in the capital, conservative Mexicans and foreigners alike regarding what appears to be a probable military regime as the solution of the present difficulty. A revulsion of sentiment has been caused by the death of Francisco I. Madero and Pino Suarez, but the great majority of the Mexican people merely shrug their shoulders. It is likely that there are few chapters of that tragedy still to be written. The bodies have been removed from the penitentiary, pending their transfer of Madero's to the family home at San Pedro de Los Pinos in the state of Coahuila and that of Suarez to Yucatan, permission having already been granted.

One afternoon paper in Mexico City, denies the stories of the attack on the Madero guard, alleging that the affair was carried out in accordance with pre-arranged plans, but the Mexican government appears honest in its endeavor to place the facts before the world by means of a judicial investigation. The investigation probably will not be concluded for some days.

Already the political world is turning to the elections. It is said that General Felix Diaz will have as his opponents in his candidacy for presidency, Francisco de la Barra, the present minister of foreign relations, Rodolfo Reyes, son of General Bernardino Reyes who was killed in the first attack on the palace and Dr. Francisco Vasquez Gomez. Preigns have begun a campaign in behalf of these candidates.

The holding of the elections will depend upon the state of the country but President Huerta insists upon a free choice of the people when peace is restored, which will make this possible.

Reports are not altogether reassuring from the states of Coahuila, Nuevo Leon and San Luis Potosi where rebels are committing depredations. The Zapatistas in the south are also giving trouble. It is said that the new revolution attempted by Emilio and Roald Madero, brothers of the late president is making little headway.

### Memorial Streamer.

"For all the states," are the words which, on a field of black, denominated.

will hang for three days across the chamber of deputies building in memory of all those who lost their lives in the revolutionary outbreak which began in 1910.

The memorial streamer is a compromise growing out of a resolution to have the sessions of the chamber suspend for nine days out of respect to Madero and Suarez. The resolution provoked a spirited discussion but failed of adoption and a substitute measure providing for a memorial to all the victims was then passed with the understanding that it include a tribute of respect to the dead ex-president and ex-vice-president.

### Refused Transfer Permission.

It was learned late tonight that the government has refused permission for the transfer of the bodies of Madero and Suarez respectively to Coahuila and Yucatan, giving as a reason that it does not desire to afford the people of these states an excuse for demonstrations.

Mexico will reply to the note sent the government by the state department at Washington Sept. 15th last, without delay and American claims for damages growing out of the revolution will receive prompt attention. Incidentally several other matters pending between the two governments will not be permitted to drag as in the past according to assurances given verbally to Ambassador Wilson today by President Huerta.

Unofficially Mr. Wilson called the attention of the new president to various matters remaining unsettled between the two governments and urged that attention be given them, not necessarily in accordance with international law, but on the basis of the friendship existing between the two nations. It will be remembered that last September the state department at Washington forwarded a note to the Madero administration, the contents of which, while never made public, were generally understood to contain a sharp admonition, to Mexico to give immediate attention to the demands of Americans for indemnity by reason of loss of life and property during the period of the revolution.

It also was alleged to contain a demand for adequate protection of American interests.

To this note no adequate reply ever was made, Mexico attempting to deny the truth of some of the allegations contained in it, and to justify her past action regarding others. This was followed by further representations from Washington of which it was said that they "did not require an answer."

The matters which Mr. Wilson cited today and was assured would be given prompt attention were the Colorado river controversy and the dispute over the Chamisale boundary tract at El Paso.

### Body in Mausoleum.

Mexico City, Feb. 24.—The body of Francisco I. Madero, the dead, ex-president of Mexico, was deposited in the mausoleum of the French cemetery here shortly before noon today.

A small crowd gathered outside the penitentiary when the body was removed and shouted "viva Madero." They were dispersed by federal soldiers.

The family will ask the right to name an attorney to represent them at the official investigation into his death.

The body of ex-vice-president Jose Pino Suarez was ordered removed during the afternoon to the Spanish cemetery.

### Federals Shot Down.

El Paso, Texas, Feb. 24.—Ninety-five federal volunteer soldiers were executed late today at Saenz, just below Juarez. They composed part of the garrison which revolted yesterday, angered at the killing of ex-President Madero, their former leader.

One at a time, advices received here relate the soldiers were stood against an adobe wall. Ninety-five times the firing squad aimed and fired. Most of the men are said to have displayed much courage, declining the execution mask.

More than fifty of the garrison escaped before the arrival today of a strong detachment of federal regular troops from Chihuahua City.

### Huertas, Jr., Arrested.

El Paso, Tex., Feb. 24.—Emanuel Mascrenas, Jr., who was appointed provisional governor of Sonora under the Orozco revolutionary but who did not serve and who claims to have been named provisional governor by President Huerta, was arrested here today by United States federal authorities. He is named in the indictment issued at San Antonio against Emilio Vasquez Gomez and others charging conspiracy.

### Orozco Jr. Wounded.

Phoenix, Ariz., Feb. 24.—General Pascual Orozco, Jr., the rebel leader, is lying dangerously wounded in a hospital somewhere in the north part of Mexico, according to a report received here today by members of Phoenix branch of the league for the protection of Mexican political refugees.

Word was given out that the rebel leader had been shot a week ago but where he is, was not stated.

### Will Be Progressive.

Mexico City, Feb. 24.—Answering the offer made by General Emiliano Zapata, the southern rebel leader, that he would recognize the new government if its program was along promised progressive lines, President Huerta today sent envoys with such assurances to the insurgent chiefs in the states of Mexico, Guerrero and Morelos.

### Attempt to Win Gen. Gil.

Hermosillo, Mex., Feb. 24.—Encouraged by a report that the national senate has stifled Huerta's provisional presidency, an attempt is being made to induce General Gil, commander of the first military zone to withdraw his support from Governor Maytorena in order to compel the governor to submit to the Huerta administration.

## MONEY DEMANDED ONLY OF MEXICANS

### Governor of Texas Gets Erroneous Report That Americans are Jailed

## CALL OUT STATE TROOPS

### Gov. Colquitt Has Sent Four Companies of Militia to Brownsville

## GUARD AND FEDERALS CLASH

### BULLETIN.

Brownsville, Texas, Feb. 24.—Investigation tonight disclosed the fact that reports which had been sent broadcast from Brownsville to the effect that Major Esteban Rames in command of the Matamoros garrison, had demanded money from residents of Matamoros on pain of imprisonment were unfounded insofar as Americans were concerned.

It is stated however, that Mexican residents of Matamoros were required to raise thousands of dollars for the maintenance of the new garrison and that they were informed by Major Rames that he would withdraw his troops and leave the city at the mercy of bandits if the funds are not forthcoming. The officials to day collected from Mexicans about \$4,500, about one third of the amount asked for.

The report that Consul Johnson had been arrested upon his refusal to contribute to the garrison fund also denied.

ANSTON, TEXAS, FEB. 24.—Governor Colquitt tonight received the following telegram from Captain Head of the company of national guard which has been sent on duty at Brownsville for several days at the request of the sheriff of Cameron county:

"Have just received message from Consul Johnson at Matamoros. Can you authorize me to cross river at order of consul to protect the consul to protect the consulate and American interests? Demand made upon Americans for money tonight."

### he governor telegraphed captain Head as follows:

"Do not cross river unless you receive orders to do so. Request American consul and Americans to come to Brownsville."

Governor Colquitt has repeated the telegram from Captain Head to the officer at the command of the United States troops at Fort Sam Houston.

Governor Colquitt at mid-night ordered four companies of the Texas state militia to proceed to Brownsville with all haste when it was reported to him that Americans had been arrested and held for ransom at the Mexican town of Matamoros, when they refused to contribute money to the officials in charge of Matamoros.

The governor also sent this message to Captain Head in command of the Brownsville company national guard:

"Notify Mexican commander at Matamoros who is demanding money that if he harms a single ex-american his life will be demanded as a forfeit."

### Residents Are Warned.

Brownsville, Tex., Feb. 24.—American residents of Matamoros, Mexico were warned late tonight by United States Consul Jesse Johnson to cross the boundary into Brownsville when would be required to subscribe toward maintaining the government of Matamoros. Demands, it is said, were made that the subscriptions be forthcoming tonight. It is reported that Mr. Johnson's life had been threatened and another report unconfirmed, was that he had been arrested.

Early in the night, Mr. Johnson appealed to the Captain Head of the Brownsville company of the state national guard for protection for the consulate and foreign residents of Matamoros. Governor Colquitt who was advised of the situation, instructed Captain Head not to attempt to cross the border but to suggest that all Americans leave Matamoros. Mr. Johnson immediately issued the warning, but refused to quit his post.

Guards at the ferry and the international bridge crossing the Rio Grande have been increased.

### U. S. Troops May Clash.

Washington, Feb. 24.—A serious clash may result between federal troops and the Texas national guard at Brownsville, Texas, should the latter attempt to cross the Rio Grande to the relief of Americans alleged to be imperiled in Matamoros, Mexico. When the war department at mid-night learned that Governor Colquitt had issued orders for four companies of Texas militia to proceed to Brownsville, orders were telegraphed to Brigadier General Stever at once, in charge of the federal troops on the border, to send to Brownsville immediately such a force as he "deemed necessary," and "under no circumstances to permit the crossing of the river except upon the specific orders of the secretary of war."

When word was received Major Leonard Wood chief of the staff of the army, recognized the danger in the situation and immediately took personal charge. Over the military telegraph line from Ft. Mayer he sent imperative orders to General Stever to utilize his forces to prevent the proposed invasion of Mexican territory.

## WANTS CABINET THAT WILL DO TEAM WORK

### WOULD GET BEST FORCE, IMPETUS AND SNAP INTO IT IF POSSIBLE

President-Elect Will Have Personnel Completed by March Fourth and Hopes Not to Meet With Declinations Which Would Make it Incomplete.

TRENTON, N. J., FEB. 24.—President-elect Wilson revealed tonight the state of his mind with respect to the formation of his cabinet and recommendations for legislation at the extra session of congress to be called April 1st.

"My thought of the personnel of the administration," the president explained, "is to get the best force, impetus and snap into it so that it will be a group of fellows that will do team work."

Mr. Wilson said he had not as yet been able to complete his cabinet and that he realized the time was growing short. The possibility was suggested to him that he might not have his cabinet chosen by March 4th if he meets with declinations.

"I'll have it completed by then, of course," he remarked quickly. "I am thinking of a feasible method of currency reform," he added, and, of course am studying the exact provisions that will go into tariff revision."

The president-elect said that in his talk with Samuel Gompers and Frank Morrison of the American Federation of Labor today he had endorsed the principles of a bill providing citizenship for Porto Ricans.

He approved also the principles of the workmen's compensation bills now pending.

## SUPREME COURT UPHOLDS TAX

### Upholds Tax on Western Grain Brought by Akeview Man and Placed in Illinois Elevators.

Washington, Feb. 24.—The supreme court today upheld a tax levied by the state of Illinois upon grain brought by E. R. Bacon of Lakeview, Ill., in western states and put in his Illinois elevator on the day the tax was levied. It was awaiting grading and shipment later to eastern cities. The decision it is said will be a precedent for taxing much grain graded at elevator points in the middle west.

In announcing the decision of the court Justice Hughes, however, laid down the principle that states did not possess a right to tax interstate shipments merely because the owner was a resident of the state. In the Bacon case the court held that shipment was not interstate commerce at the time, but had "come to rest," and was a part of property within the state.

## HOLDS WHITE SLAVE

### TRAFFIC ACT VALID

### Supreme Court Decides Traffic in Women May Be Regulated by Legislation.

Washington, Feb. 24.—On the theory that traffic in women in interstate commerce may be regulated by legislation as well as the traffic in drugs, foods or cattle, the supreme court of the United States today upheld the validity of the federal white slave traffic act of 1911. It had been contended this question of morality was reserved for action by the states.

Justice McKenna decided the court's opinion.

"Our dual form of government has its perplexities," he said, "state and nation having different spheres of jurisdiction but it must be kept in mind that we are one people and the powers reserved to the states and those conferred in the nation are adopted to be exercised whether independently or concurrently, to promote the general welfare, material and moral."

This is the effect of the decision and surely, if the facility of interstate transportation can be taken away from the demoralization of lotteries, the debasement of obscene literature, the contagion of diseased cattle or persons, the impurity of food and drugs, the like facility can be taken away from the systematic debauchery of women and more insistently of girls."

### SNITE THROWN OUT OF PROGRESSIVE PARTY

Chicago, Feb. 24.—The Progressive state central committee at a meeting here officially declared Representative Frank H. Snite of Chicago to be no longer a member of the party. Snite was censured for voting with reactionary Republicans and Democrats for the committee on committees plan.

ther orders through the regular channels of the war department. At a late hour the state department declared it had received no information of Governor Colquitt's activity and, in the absence of advices, declined to comment on it.

Austin Texas, Feb. 24.—A resolution providing that exas go on record as endorsing intervention and insisting that the United States terminate "outrageous conditions now existing in Mexico" were introduced in the exas senate to day. Neither has been acted upon.

### Oklahoma Resolution.

Oklahoma, Okla., Feb. 24.—A resolution declaring that Oklahoma favors intervention in Mexico was introduced to day in the Oklahoma house of representatives. It was opposed and went over until tomorrow.

## WILL BE PREPARED FOR ANY EMERGENCY

### Troops Now Mobilizing at Galveston Will be Ready for Foreign Service

## PAVES WAY FOR WILSON

### Taft's Action in Sending Men to Galveston Will Place Wilson in Control of Situation

## COURSE OF ACTION JUSTIFIED

WASHINGTON, FEB. 24.—Military orders flew thick and fast today in redemption of President Taft's promise to have an army of 10,000 men assembled at Galveston, the most convenient port to Mexico, all equipped for foreign service and ready to execute any order that his successor might choose to issue upon the basis of the conditions that will exist after March 4. These orders on the whole were supplementary to those which began to flow from the war department towards the end of last week and were calculated to insure the assemblage of the second division of the re-organized army at or in the neighborhood of Galveston.

The completion of the orders to move the entire second division is intended as further warning to Mexico that there will be no departure for the established policy of preparedness during the remaining week of President Taft's administration.

### Plans Will Continue.

All plans for the possible sending of troops into the republic to the south will continue with the same minuteness of detail which would characterize official orders had the present acute condition arisen in Mexico at any time earlier in the strife which has rent that republic since the first uprising against Porfirio Diaz nearly two years ago. This course is justified on the ground that any cessation in the closing days or even hours in the Taft administration might be seized by Mexican malcontents as an opportunity for a strike at Americans which could not be adequately overcome should officials relax their vigilance. So far the state department has given little thought to the question of political recognition to the new government in Mexico, inclining to await further developments in the situation and willing to be guided largely by the recommendations of Ambassador Wilson, whose course so far, under extremely difficult and delicate circumstances, has met with the unqualified approval of the department.

Major General Carter to Galveston.

Major General William H. Carter, who commands the second division, was ordered today from Chicago to Galveston. This will be the second time that this officer has had the honor of commanding a complete division of troops within the limits of the state of Texas, the first being in the case of the mobilization of 1911 when the Mexican trouble first became acute.

The fifth brigade of this division is already moving under previous orders to Galveston, as is the fourth field artillery, composed of mountain batteries. The order issued today will set in motion the fourth brigade, the sixth brigade and the sixth cavalry.

Brigadier General Frederick A. Smith commands the fifth brigade, previously ordered to concentrate; Colonel Edwin Glenn of the twenty-third infantry will command the fourth brigade in the illness of Brig. General Ramsey D. Potts.

Colonel Arthur Williams will command the sixth brigade in place of Brig. Gen. Clarence Edwards, who is under orders for Philippine service. The war department's estimate is that under these orders there will be concentrated at Galveston between 8,000 and 9,000 infantry, 800 cavalry and about the same number of field artillery, or a total of nearly 10,000 men. These troops are widely scattered throughout the middle states and along the Mississippi river from the Gulf to Canada. During the maneuvers of 1911 it required two weeks to get some of the soldiers to Texas, but it is believed that this can be cut in half at present.

Even then the whole second division will almost certainly be at Galveston or vicinity some time before the necessary water transportation can be provided. The four army transports all the government owns in eastern waters, can only carry a brigade at most and there are three brigades in this division. It will be necessary to charter from ten to fifteen merchant steamers of large size to accommodate the remaining two brigades.

The quartermaster's department has a long list of available ships but as it would cost on an average of \$700 a day for each ship, to keep them ready for service the war department has avoided incurring any such large liability. So in all probability it will remain for the next administration to authorize this expensive outfit.

The army transports Summer, McClellan and Kilpatrick are due at Galveston late tonight or early tomorrow in a day or two by the Meade, which was given to the navy department to carry a detachment of Marines to Guantanamo, Cuba. With that mission performed the Meade will join the other transports at Galveston.

## RIVERS AND HARBORS BILL PASSED BY SENATE

### SEVERAL AMENDMENTS ARE ADDED TO ORIGINAL BILL

Appropriation Bill Now Carries \$48,000,075, An Increase of \$7,218,787 Over the Amount Authorized By the House—Other Congressional News.

### MONDAY IN CONGRESS

#### Senate.

Met at 10 a. m.  
Passed Adamson bill requiring inter-state commerce commission to ascertain values of railroads telegraph and telephone properties.

Passed rivers and harbors appropriation bill carrying approximately \$48,000,000.  
Adjourned at 7:20 p. m., until 10 a. m., Tuesday.

#### House.

Met at 10:30 a. m.  
Money trust investigating committee in executive session discussed details of its report.

Passed bill to limit hotel and taxi-cab rates in Washington during inauguration.  
Closed debate on naval appropriation bill.

Adjourned at 10 p. m., until 11 a. m., Wednesday.

WASHINGTON, FEB. 24.—The annual rivers and harbors appropriation bill was passed by the senate today, after a prolonged fight. Amendments added to the bill by the senate brought predictions that the bill would be vetoed by the president because they were in direct opposition to his expressed policies.

The bill carries \$48,091,075, an increase of \$7,218,787 over the amount authorized by the house. Several amendments adopted by the senate increased this sum materially and these together with the committee amendments will be threshed out in conference with the house.

The bill of Senator Newlands of Nevada providing for the creation of a river regulation board to take over all river improvement work also was adopted as an amendment after it had once been ruled out on a point of order. The bill as finally adopted was attacked in bitter terms by Senators Burton and Owen. Senator Burton declared the house committee on the river and harbor and the senate committee on commerce owe an apology to the multitude of people for the provision in the bill extending the jurisdiction of the Mississippi commission. He said that this provision was the opening wedge for the expenditure of \$10,000,000 annually and while there were some items that were worthy of adoption there were many others that were not. Senator Owen said the measure had been drawn in a haphazard manner, and that while he was in favor of improving the waterways of this country, he was opposed to "pork barrel" measures of this kind.

### Still Fight Navy Bill.

With the house economists attacking almost every paragraph with amendments or points of order consideration of the \$146,000,000 naval appropriation bill progressed slowly today. Reading the measure for amendment continued far into the night and the section authorizing the construction of two battleships over which the great fight has been made will not be reached until late tomorrow.

An amendment by Representative Hensley of Missouri was adopted which would provide that the four years spent at the navy shall not be counted as a part of the service of naval officers. The effect would be to lengthen the time of service.

Representative Hobson of Alabama vigorously protested against the amendment saying that the midshipmen were actually in service and subject to duty in the front line of time of war.

### Adamson Bill Passes Senate.

The Adamson bill requiring the inter-state commerce commission to ascertain the actual value of the property of all railroads, telegraph and telephone companies and other common carriers, passed the senate tonight at the end of a short debate and with practically no opposition. Changes made in the bill by the senate from the form that it passed the house will require a conference.

The valuation bill is designed to furnish a basis recognized by the courts for the fixing of equitable freight, passenger and public service rates and charges. The proposed law would require that the interstate commerce commission through experts determine the original cost of all common carriers' property up to the present time, the cost of production if they were to be built over again, the value of all properties held by them and the value of their intangible properties such as franchises, good will and 'going value.'

### CONFESSES MURDER.

Springfield, Ill., Feb. 24.—Following conversion to Christianity at Petersburg, Ill., William Faith, surrendered to the officers declaring he had murdered a man named Dick Quinn, or Quinlan, in Springfield at the state fair, eight years ago. He was brought here but investigation failed to produce any record of such a crime and Faith was released.

was given to the navy department to carry a detachment of Marines to Guantanamo, Cuba. With that mission performed the Meade will join the other transports at Galveston.

## EXTRA SESSION WILL BE CALLED APRIL 1ST

### Several Tariff Bills Will Then be Ready for Consideration

## HARMONY IS PREDICTED

### There is Little Division Among Members of Committee Preparing Any of the Bills

## HOUSE MEMBERS TO CAUCUS

WASHINGTON, FEB. 24.—The extra session of congress which President-elect Wilson today announced would be called to meet April 1st, will find a number of tariff bills ready for its immediate consideration and other general policies mapped out for the new administration. The letter from Democratic Leader Underwood upon which Mr. Wilson based his decision to convene the session April 1st, was sent after members of the ways and means committee today predicted that those measures would consume less than a month in passing the house and that there would be no marked division of opinion in the committee over the preparation of any of the bills.

The caucus of Democratic house members March 5th is expected to decide that all of the hold-over Democrats now on the ways and means committee shall serve again and to fill the Democratic vacancies caused by the retirement of Senator-elect James and Representatives Randall of Texas and Brantley of Georgia.

### Work Will Be Reviewed.

The work thus far done by the committee will be reviewed by the committee and the bills prepared in detail for submission to a full Democratic caucus immediately after the convening of congress. An income tax bill is being prepared by Representative Hull of Tennessee and will probably be one of the early measures introduced in the house.

Whether the currency will be taken up remains a question upon which members of both houses are in doubt, but it is believed that President-elect Wilson and the Democratic managers of the new congress will let it be known at the outset that they want the currency problem taken up as soon as it is possible to agree upon a system of currency reform.

Impetus was given to the senate re-organization fight today by the fixing of the opening date for the session.

### Kearn May Be Chairman.

The plan now outlined to which it is claimed pledges of support have been secured from more than a majority of Democrats in the senate, contemplates the selection of Senator Kearn of Indiana as permanent chairman of the caucus, the distribution of important committee places equitably among Democrats leaving the older senators in control of the chairmanships to which seniority would entitle them and a change of the "conference committee" methods, so that the leading members of committees shall not dominate the small conference committees that settle differences between the two houses over bills that have passed.

## REPORT FREE EMPLOYMENT OFFICES

### Six Offices Maintained By State Have Secured Employment For 70,000 During Year.

Springfield, Ill., Feb. 24.—The fourteenth annual report of the state bureau of labor statistics of the work of the free employment offices of Illinois shows that six free offices maintained by the state secured during the year 1912 employment for 70,000 people, representing 190 different occupations, an increase of 7,000 over 1911. It is recommended that a larger appropriation be made for the support of this bureau, and that the law be amended to apply to all cities having a population of 25,000 or more—the present limit being 50,000.

## WEATHER INDICATIONS AND TEMPERATURES.

Washington, Feb. 24.—For Illinois—Fair and warmer Tuesday; Wednesday unsettled, probably followed by rain in south and rain or snow in north portion.

### Temperatures.

Chicago, Feb. 24.—Current, maximum and minimum temperatures today were:

|               | Current. | High. | Low. |
|---------------|----------|-------|------|
| Boston        | 20       | 28    | 18   |
| Buffalo       | 10       | 16    | 8    |
| New York      | 28       | 34    | 16   |
| New Orleans   | 56       | 56    | 48   |
| Chicago       | 21       | 23    | 13   |
| Detroit       | 16       | 18    | 10   |
| Omaha         | 26       | 24    | 4    |
| St. Paul      | 12       | 14    | —    |
| Helena        | 24       | 24    | 6    |
| San Francisco | 48       | 50    | 42   |
| Winnipeg      | 14       | 18    | 2    |

## "BARGAINS"

The wise buyer will not be caught by an adroitly worded advertisement offering flour at bargain. Bargain in flour are as scarce as white black bird. "Pure" high grade flour is as staple as silver dollars. There is rarely a fluctuation of over more than a cent a bushel in wheat in any one day. If flour is offered for a greater difference it will be grounds for suspicion. The buyer of alleged "bargains" gets just what he pays for, but it will not be a bargain because it will not be made from sound wheat.

Our "White Lily flour" is absolutely "pure" and "high grade" made from sound wheat and not a lower grade flour artificially treated or bleached to bring it up to standard. It is absolutely pure. Do not permit any one to offer you an imitation or substitute for White Lily Flour at a so called "bargain"

Ill. Phone 1371.

Your Credit is Good Here

**SMALLPOX AT HUGO, OKLA.**  
D. J. McCarthy of West Morton avenue has received a letter from his son Warren, at Hugo, Okla., in which he states that the city has gone through the worst smallpox epidemic that ever visited that section of the country. There are over fifty cases and the son states there have been twenty-five deaths in the past two weeks. The authorities, however, claim that they have the disease under perfect control and no new cases are being reported. The quarantine which the town has suffered has crippled business not a little.

### LAST SEASON'S GREATEST MUSICAL SUCCESS FOR THIS CITY.

With all its original attractiveness, "The Spring Maid," Weber & Luescher's bubbling operatic success of two seasons, will be presented for the first time in this city at the Grand Wednesday, March 5th.

Heading the cast will be captivating Marguerite Wright as the saucy little princess, supported by Charles McNaughton from the London "Spring Maid" Company as leading comedian, and Cecil Ryan, the Australian, baritone, as the dashing prince. Miss Wright scored a tremendous hit in The Pink Lady last season, and local theatre-goers are looking forward to a rare treat in the coming visit.

## ENTRIES MADE FOR TOURNAMENT

BASKETBALL MEET HERE WILL ATTRACT MANY ATHLETES.

Twelve Teams Will Compete For Loving Cups in Two Days' Contest Friday and Saturday—Schedule of Time of Games and Officials of Tournament.

Much enthusiasm is manifested among the various towns which will compete in the big basketball tournament which will be held here Friday and Saturday, Feb. 27th and 28th. Twelve schools will be represented and already a major portion of them have sent their eligible list of players and the meet promises to be one of the best ever held in Central Illinois. The towns that will complete include the following:

Jacksonville.  
Greenfield.  
White Hall.  
Pittsfield.  
Chandlerville.  
Barry.  
Petersburg.  
Mt. Sterling.  
Bluffs.  
Manchester.  
Girard.  
Griggsville.

### To Pay All Expenses.

For some time the local management has been planning carefully and as a result everything is so arranged that all the teams competing will be well cared for while visitors in the city. It is planned to pay, not only the travelling expenses of visiting teams, but also all their expenses while in Jacksonville. Of course this naturally entails a large sum, but judging from the unusually large attendance at the tournaments held here in former years, there will be ample funds to meet the expense. The sale of tickets is already on. Students will be admitted to the whole series for fifty cents and others seventy-five cents. Sixty per cent of the proceeds are for the visiting teams and 40 per cent for the home team.

### Silver Cups to be Given.

As an inducement for the teams to work hard, three silver cups will be given, for those taking first, second and third places. The championship cup stands eighteen inches in height and is of beautiful design. The other cups are similar, in design, but not so large.

### Order of Games.

The teams will draw for places at 11 o'clock Friday morning, and the first game will be played at 1 o'clock Friday afternoon, and a game every hour thereafter. This will make four games in the afternoon and four at night. The times of the games at night are 6:30, 7:30, 8:30 and 9:30. Games at 7 and 8 will be played by the four losing teams making the highest percentage. This percentage is determined by dividing the team's score by the total score.

### Games on Saturday.

On the second day three games will be played in the morning, as follows: 8:30, 9:30 and 10:30; in the afternoon, 1:30, 2:30 and 3:30. At 8:30 in the evening the contest will determine the winner of third place. The championship game will be pulled off at 9 o'clock, and naturally will determine first and second honors.

### Officials of Meet.

It has not been fully decided just who will act as referee and umpire. It is probable, however, that one of them will be a Columbia university man. Prin. W. A. Gore is manager of the tournament, with Coach Buland and William Alcott as assistant managers. W. A. Bate will be official scorer and A. F. Cook, timekeeper.

The games will be played in Strawn's hall, which is one of the best equipped halls for the purpose in central Illinois. Since the bleachers were erected, the seating capacity of the room has been enlarged and extra lights and other equipment will be installed so that nothing will be left undone for the accommodation of the athletes, as well as the patrons. From the special interest which the citizens at large are taking in the tournament the attendance gives promise of being large. The students have organized to meet the teams at the stations and other committees have been appointed with special duties.

### Entries Already.

The following teams have already sent in their list of eligible players: Greenfield—Lorin Kesner, Wendall Holmes, Olin Kessinger, Dean Foster, Ralph Maxfield, Harvey Cook, Earl Johnson.

White Hall—Russel Morrow, Leroy Richert, Harry Selvy, Roderick Marshall, Howard Baldwin, Byron Vermillion, Ben W. Kirgan.

Pittsfield—C. Walters, H. Scott, M. Barber, M. Allee, P. Rush, W. Garvin, R. Cannon.

Chandlerville—Ernest Kirchner, Otis Lewis, Fred Kirchner, Carl Clegg, Earl Logue, James Taylor.

Barry—O'Brien, Podgett, Lawson, Dresch, Dwyer, Hart, Benfield.

Petersburg—James Armstrong, Louis Golden, Earle Hawkins, Arthur Johnston, Harold Stubb, Andrew Winterhauer.

Mt. Sterling—Ray Simpson, Emmett Butler, Emil Meyers, Leonard Gross, Charles Turner, James Ivins, George Davis, Sibley Gaddis.

Jacksonville—Tom Hale, Walton Boxell, Dale Boxell, James Kolp, Harry Frye, Warren Maddox, Clarence Chipchase.

Manchester—Glenn Labin, Norman Jasper, Eugene Lochester, Leonard Cooper, Clifford Harney, Elmer Meheaff, George Sloan and Carl Brown.

D. W. THOMAS OF CHICAGO, ILL., will be at Wood's barn on East Court street, on Wednesday, February 26th to buy mules and horses that are fat and ready for market for which he will pay the highest market price.

## A HINDU IDOL.

Its Strange History Caused Mms. Carnot to Order It Destroyed.

When Mms. Carnot, widow of Sadi Carnot, died and her will was read a clause in it caused considerable comment. This was to the effect that a certain small Hindu idol carved from a hard stone which would be found among her property must be taken out and crushed until completely destroyed. Many marveled at this apparently singular request, for the idol seemed a harmless, ugly little thing, but her instructions were carried out to the letter.

The idol had been presented to Sadi Carnot years before he had ever thought of the presidency of France by a friend who had brought it from India. Later he learned that there was a legend attached to it which asserted that whosoever would retain it in his possession would rise to the fullest height of power in his chosen profession, but die of a stab wound when at the zenith of his career.

M. Carnot traced the history of the idol and found that for 500 years the rulers who had possessed it had all died either in battle or by assassination from stab wounds. Yet he laughed at the story, called the facts adduced by his search a mere chain of coincidences and retained the idol. He died by a dagger in the hands of an assassin; hence Mms. Carnot's strange request.

## LURE OF THE MISTS.

Curious Experience in the Clouds in an Aeroplane.

It was at Manchester, Aeroplanes were sweeping the skies in the circuit of Britain race. Vedrines had landed, and impatient at the rules that made him wait ten minutes before taking up the race, went about jabbering in French. One of the officials asked him what kind of a trip he had had. Vedrine's answer was to hold up his hands expressively.

He was quiet for many seconds, then he said:

"I was blanketed in clouds so that I could not see ten meters before me. Below me was nothing but rolling mist that gradually took on all fanciful shapes and colors. I caught myself wanting to descend, to drop suddenly into it and see what it was like. To escape this feeling I flew higher and higher, until, venturing to look down again, I saw wonderful lights and shadows that never before had been revealed to me from the sky. I saw a dreamy city, a wonderful mirage, and I believe I would have forgotten everything but those exquisite colorings, released my levers, and— (He laughed.) "But I was fortunate, for I became sick—as sick as a dog—away up in the clouds."—Edward Lyell Fox in Harper's Weekly.

## Cheapest Hams Ever Sold.

Sometimes an error creeps into the published announcement of a big store, due to the negligence of the proofreader or to the compositor in the printing office of the paper. It is rarely funny in its results, although it may make humorous reading when first issued. One day a department store in New York advertised "Sugar-Cured Hams at 4c a lb." Rather cheap, you say? Well, 130 odd persons thought so too, for that was the number that asked for the ham at this ridiculously low price the morning the ad. appeared. It transpired that the printed proof O. K'd by the grocery buyer and sent down to the newspaper office for insertion in the day's issue read "14c a lb." The first numeral had simply dropped out of sight; 125 sales were made at a loss of 10 cents per pound.—Woman's Home Companion.

## Poetry and the Child.

Read poetry to the child. Read easy, simple verse, read nonsense verse, read real poems, read sometimes such poems as "Thanatopsis" and bits of "Paradise Lost." Of course the child will not understand the thought, but he will enjoy the sound, and he will unconsciously learn the words. Poetry was never meant to be read to oneself, but always to be read aloud or recited. It is harder than prose. The order of the words is often like our everyday speech, and the words themselves are frequently different. Here especially children need help. If they find it they learn to love poetry, and there are few things that so sweeten life as a genuine love for poetry for its beauties and for the helpful lines that come to one's mind in hard places.—Home Progress Magazine.

## A Good Stove Lining.

A good stove lining, one that will last two years or more, can be made from blue clay. Red clay or one that does not contain much sand, is good also. Clay found in salt water marshes is one of the best for stove linings. The clay must be reduced to a paste about like putty. The bed for lining should be brushed clean and moistened before the clay is applied. Put on with hands, smooth with a trowel or thin piece of board.—National Magazine.

## Won by His Blarney.

Irish Magistrate—Haven't you been before me before? Astute Prisoner—No, yer honor; I never saw but one face that looked like yours, an' that was a photograph of an Irish king. Magistrate—Discharged! Call the next case!—London Answers.

## The Way It Goes.

"I want a nice book for an invalid." "Something religious, madam?" "Er—no—he's convalescent."—Boston Transcript.

Truth is an honest man's statement of a fact.

## Wit, Wisdom and Oratory

all take their seats when

## QUALITY Rises to Speak

Quality is the dominant business factor to day and in foods it is paramount. Public opinion and state and national legislation are all focused on demanding pure, wholesome and nourishing foods. We have been ever since we opened our doors for business a step in advance of the procession in upholding quality in food products and in so doing have been forced to establish brands that could be relied upon for unvarying quality and uniformity.

We were first in eliminating guess work in regard to quality of foods. And to day we put out a full line of groceries under the oldest and most Reliable Brand "Monarch."

## The "Monarch" Brand

When the manufacturers behind the Monarch brand selected that word from all the English language to represent their best efforts they did not do so by mere chance. They made the word, their ideal, their motto and with absolute faithfulness through years they have maintained the supremacy of the brand. There is nothing better obtainable.

## Roberts' Coffee

In offering our six blends of coffee we have with extreme care maintained the even and unvarying quality. We selected these coffees on the basis of experience and after going over the coffee market with great care for we wanted coffee we could "bank on" and we have not been disappointed. That word does not apply to our customers either for we have yet to find one dissatisfied with any one of the blends after a test. Buy them at 25c, 33c, 35c, 37c, 40c, 45c.

## Roberts' Flavoring Extracts

Our flavoring extracts are made in our own pharmacy from special selected materials. No coloring or foreign substance of any kind is used. Absolute purity and the very highest quality are terms which apply to our extracts. They go further and are more satisfactory than other extracts.

## Roberts' Baking Powder

We pay a high price for baking powder when we will sell you baking powder for 15 cents a can which we absolutely guarantee. Buy a can, use it and if the results are not all that you desire bring back the can for your money awaits you.

## Soda and Starch

We have some special offerings in soda and starch which will please you as to quality and to quantity for the low prices asked. Purest soda and starch here.

All these brands have won fame and success on merit and are the pillars on which our business has been built.

## PHARMACY DEPARTMENT

We are anxious to gain your patronage in drugs as well as groceries. Our every effort is for our customers and we are always planning for your benefit. Our business methods, sanitary conditions and complete stock of pure drugs should command your attention, and make us feel as if we deserve your drug business.

Try Roberts' Almond Cream, under our guarantee. Until you have used this excellent toilet lotion, you would no doubt be surprised at the result of Pure Almonds on the skin. It works like a charm and many of our customers have been pleased. Cannot possibly grow hair and is absolutely pure and free from oils. Guaranteed to you at 35c.

Coughs and colds are easily conquered by Roberts' Tar and Wild Cherry Cough Syrup which is a household remedy equally effective with all members of the family. It may safely be given to the infant and is always effective with the adult.

Roberts' Tar and Wild Cherry Cough Syrup is made by us and we are proud of its merit and record, 25c and 50c sizes.

Roberts' Cold Tablets still lead them all. Cures in one day, always fevers, pains, neuralgia, etc., with out the danger and bad effects of harmful drugs. Get a box at 25c.

The Ready-to-Wear Department Has Received the Second Installment of Children's Wash Dresses

The Second Lot of Ladies' House Dresses, Children's Gingham, Percale and White Dresses Have Arrived

This season finds up better prepared than ever to show the most complete line of children's ready-to-wear wash garments than we have ever shown. A visit to this great section will convince you that we have been studying the wants of the children. We have made selection that will enable us to please the little ones in every whim colors to suit all complexions, all the latest styles are shown in endless variety. Bring the children, we can suit them.

On Saturday we received our second order of elegant wash goods. Some very exquisite patterns for 1913, the first in the city, they will move rapidly, be one of the early ones to make your selections.

## PLAIN AND FIGURED "RATINE"

All colors, voiles plain, striped and figured, all the new colors of linens, Egyptian Tissues, embroidered voiles, voiles supreme, dress gingham, all qualities. Colored crepes, the truth of the matter is we have all the up-to-date wash goods of all kinds and qualities.

## WHITE GOODS

The additions to our white goods section last week permits us to announce a full and complete stock of attractive white goods. We mention only a few of the many on our counters: Flaxons, plain, striped and checks; piques, crepes, voiles, marquestes, poplins, oyster linen, "Ratine", diagonal linens, plain linen, madras, dotted crepe, dotted "Ratine".

Miss Ella Minter has returned from New York city where she has been in the interest of the ready-to-wear department at the Waddell store.

**ADDRESSED A SPECIAL MEN'S  
MEETING AT I. O. O. F. TEMPLE**Rev. Hy S. Alkire Had Unusual  
Theme For Sunday Afternoon  
Talk.

The Rev. Hy S. Alkire of Brooklyn church addressed a special men's meeting Sunday afternoon at the new I. O. O. F. temple on the subject, "Ticks." Miss Nina Wright, pianist, and Mrs. W. P. Duncan and Miss Lindsay, soloists, led the music of the service. "Politics," "Heretics," "Patriotics," "Fanatics," "Business Ticks" and "Time Ticks" were the "ticks" which Mr. Alkire applied to the life of Jacksonville which, he said, he didn't intend to malign or describe as a place especially renowned for immorality or bad government.

He remarked that politics was a good enough game when played by the people but a sad one when played by politicians alone. Our system of government deserves much praise, however, for it holds out to everyone equal rights and equal opportunities for leadership. Among the "business ticks" mentioned was the "credit tick." Although a fruitful source of loss some credit is imperative. The church, or instance, does the biggest business on the smallest capital of any institution in the country. Most of it is credit capital. In discussing "time ticks" the minister dwelt upon life's brevity. All our activities are conducted by the tick of the clock which some day will tick the dying moments of each one of us. Are we ready for that time? The higher critic came in for his share of discussion. Higher criticism is many times needlessly destructive although much of it is constructive. When this new building was constructed, the old one had to be pulled down before the new could be constructed.

Special Brooklyn Service.  
The Brooklyn Brotherhood has chaperoned the revival from the church on South East street to the new I. O. O. F. temple on East State street. A nice Monday night audience was present. The music, led by Miss Lindsay, was spirited and greatly enjoyed. The singing was helped also by E. L. Mitchell with a violin, Leonard Potter as baritone and Miss Glaze at the piano. The subject of the sermon was "The Hand of Salvation," consisting of the five figures, conviction, consideration, decision, repentance and belief.

Sunday night a good sized and serious audience listened to "The Funeral of a Lost Soul." The subject was well handled and was a theme to make any man thoughtful.

Services will be continued tonight in the I. O. O. F. temple. The public is cordially invited to come out at 7:30 and hear Rev. Mr. Biddle. At reading will be given by Miss Lillian McCullough.

No more darning if you buy  
Buster Brown Stockings, 25c a pair,  
at Tomlinson's.**SOCIAL EVENTS**

Mrs. E. P. Cleary entertained a company of little folks at a birthday party in honor of her son, Edward Wait Cleary, Saturday afternoon at her home on Sandusky street. The little lad was 6 years of age on Friday, Feb. 21, but Mrs. Cleary followed the custom of celebrating at Washington's natal day. About fourteen were present and spent a very delightful afternoon in playing games and singing patriotic songs. Refreshments appropriate to the day were served and red, white and blue kits were given the guests as souvenirs. Among those present were Edith and John Putnam, Lawrence, Alfred and Florence Cranwill, Joseph Whitley, Lois and Janet Brown, Helen Walton, Katherine Wilson, Dorothy Furr and Alice Alexander.

Miss Agnes Rogerson gave a sewing Monday afternoon at her home, 327 Lockwood Place, in honor of Miss Helen Barr. The hours were from 3 till 6 and were spent in a delightful social way. The house was decorated in cut flowers and the guests, which included the most intimate friends of the bride-to-be, spent part of the time in making their guest of honor a recipe book. Delicious refreshments added pleasure to the event.

**"THORO"**

"Thoro" is a reliable powdered castle soap, cleanses perfectly and is put up in cans so that it is also sanitary. It is sold in the as well as 25c cans so a trial is within the reach of all.

Grace Church Home Missionary Society is selling the soap and will be glad to supply any one at Hopper's Shoe Store.

**BARBER DIES AT 90.**

Springfield, Feb. 24.—George W. Brooks, an Indian half-breed, aged 90 years, the first barber to ply his trade in Jacksonville, died this morning at the residence of his daughter, Mrs. Laura Hinton, 1716 East Washington street.

He is survived by one daughter. The body was removed to the Bish undertaking rooms where the funeral will be held at a time to be announced later.

**IMPROVING WATER SUPPLY.**

H. L. Caldwell, of the Caldwell &amp; Nelson Engineering Co., has prepared plans for the improvement of the Jacksonville Packing Co.'s impounding reservoir, designed to preclude the possibility of any contamination by surface water. The plans call for three hundred feet of ten inch sewage pipe, enough to care for an emergency surface flow. An additional precaution against contamination of the water of the large reservoir which has a capacity of 2,000,000 gallons, will be an earthen fill south of the plant. Bids for the construction work will be requested in a few days.

GET YE READY FOR THE

**BIG WHITE SALE**

BULLETIN NO. 2.

Plans for holding the biggest white sale in our experience are being rapidly consummated. The date is set and the "boxes of bargains" are now arriving. The signal gun will be fired Wednesday morning, and the stampede begins

**THURSDAY, FEBRUARY 27.**

Continuing until Saturday, March 8. During these nine days the women of Jacksonville and vicinity will reap the biggest harvest of white goods bargains this community has ever known. Don't buy anything white until this sale. We are sweating big round, salty drops of perspiration getting things ready. But it's going to be worth our while—and yours. Be patient a few days longer.

good weather*Harmon's*  
DRY GOODS STORESave All  
the pennies**CYRUS C. ANDREWS WEDS  
MISS SADA PENELOPE HURST**Marriage Took Place Last Thursday  
at Pierson Hotel in Carrollton—  
Newlyweds Will Reside in This  
City.

After eluding some very direct questions from their friends for several days, Mr. Cyrus C. Andrews of this city and Miss Sada Penelope Hurst of Virginia have confessed that they were married last Thursday at the Pierson hotel in Carrollton. The ceremony took place at 8:30 o'clock, the pastor of the First Presbyterian church officiating. W. A. Hoover, a singing evangelist, who is taking part in a revival meeting in progress at Carrollton, and his wife, of Chicago, were witnesses to marriage, also Gerald Taylor of this city and Daniel E. Drescher of Stuttgart, Ark.

The bride is the daughter of Mr. and Mrs. Scott Hurst of Virginia, the family for great many years residing in the Woodson neighborhood. For some time she has been a reporter and assistant editor of the Virginia Gazette. The groom is the son of Mr. and Mrs. E. C. Andrews of 724 Grove street, and is associated with his father in the decorating and painting business. Both have many friends in their respective communities who will wish them a happy married life. They expect to be at home to their friends in Jacksonville after March 15.

The famous Phipps' Hat of New York City have arrived, see them at Herman's.

**STORK GETS A LETTER.**

Tiny Message is Dropped in the Jacksonville Postoffice.

If Col. Roosevelt were postmaster at Jacksonville, he would have been tempted strongly Sunday to open a letter which was dropped in the box at 5:30 o'clock. The only address was "To the Stork in Babyland." Postmaster Reeve and his able corps of helpers are puzzled to know just what little boy or girl in Jacksonville is wanting a baby brother or sister. The writing is plainly that of a child, and while an older hand might have directed the writing, the letters are plainly those of a small boy or girl.

But the sad part about the whole thing is that no one in the city will know the contents of the tiny envelope save the sender, as the letter, under postal rules, must be sent to the dead letter office in Washington, D. C.

Many curious packages of all sizes and descriptions have been received at the local office during the passing years; thousands of letters have received the impression from the rapid firing "stampers," all of which have never halted the ever moving eye of the mail thrower, but the one address to Mr. Stork Sunday sets a new precedent and comes near to beating Santa Claus out of his long time communications.

**HELD PUBLIC SALE.**

L. W. Linder held a public sale at the Sibert farm south of the city Monday and stock and goods brought good prices. Jed Cox was auctioneer and Richard C. Reynolds, clerk. Cows brought \$70, horses \$25 to \$150; corn 40 1/2 c in the crib; oats 34 1/2 c and hogs up to \$20.50 each. Implements and household goods were also sold at satisfactory prices. Mr. Linder will move to Palmyra.

**RICHELIEU**

Sauces and Salad Dressings

If it bears the stamp "Richelieu" you can depend upon it—that name stands for sterling quality, guaranteed. Have you used these? They are some of the Richelieu goods:

### ONE THOUSAND DOLLARS MORE FOR WOMAN'S COLLEGE FUND

Active Campaign Work Needed To Make Sure of the Strawn Pledge Was Begun Yesterday—\$8,000 Must Come Before Next Saturday.

There are but five days more to finish up the work of raising the fund for Illinois Woman's College. When the work commenced Monday it was necessary to raise \$9,000 and last night the figure had been lowered to \$8,000. This meant of course that \$1,000 had been raised during the day which was not a bad showing as much of the morning was taken up with making lists and appointing of tasks to the various solicitors.

Headquarters have been established in one of the Peacock Inn upstairs rooms which can be approached from the outside stairway or through the Inn proper. Telephones have been installed and everything there is in working order. Although affairs relating to the canvass were in a somewhat preliminary stage there were a number of workers there for lunch and plans for the afternoon were talked over.

To day a large number of both men and women will throw themselves actively into the campaign and there should be a good report to announce tonight. As people are coming to a realization that a crisis really exists in college affairs and that \$10,000 will be lost to the College unless the remaining \$50,000 is completed by Saturday the more readily they are responding. Yesterday a number of persons who had already given made substantial additions to their pledges. Every friend of the College, every man and woman who wants to see this important business and educational institution maintain its present position and go forward to greater usefulness should rally to its support.

### TO SUBMIT BILL FOR GREATER SAFETY

Engineers Will Submit Bill to Assembly Providing Greater Safety to Public.

Springfield, Ill., Feb. 24.—The Brotherhood of Locomotive Engineers will submit to the general assembly in a few days a bill to provide for the greater safety of the public, trains and employees by requiring all trains, when occupying main tracks to be protected by a flagman, in accordance with what is known as Rule 99 of the standard code, regardless of any automatic or manually controlled block system or signal, yard limit boards.

James Culp, chairman of the Illinois state legislature board of the Brotherhood of Locomotive Engineers today gave out some statistics bearing on the subject and calculated to emphasize the importance for remedial legislation. This statement goes in details in the matter of collisions and shows that 10,585 persons killed and 169,538 injured on the railroads of this country last year.

The railroads themselves sustained a property loss of \$7,197,252 in 1912.

### MRS. PANKHURST HELD ON SERIOUS CHARGE

London, Feb. 24.—Mrs. Emmeline Pankhurst was arrested today in connection with the destruction of the country residence of David Lloyd George by a bomb explosion last week.

Her arrest resulted from her declaration at a public meeting that she had conspired with and incited her followers to carry out the outrage. Under the malicious damage act the offense with which Mrs. Pankhurst is charged is punishable with penal servitude for a term of 14 years.

### CHILDREN BURN IN FREIGHT CAR HOME.

Wichita, Kan., Feb. 24.—Three children of Jerome Greenwell, Rosa, aged 4; Ray, aged 2, and Lola, 6 months old—perished in a fire that destroyed their freight car home near here today. Greenwell, who is a railway employe, had fitted up an abandoned car for a dwelling. After filling the stove with fuel, Mrs. Greenwell left the children alone for an hour and when she returned the car was in flames and the children were dead.

### NEW NICKEL.

Washington, Feb. 24.—The new nickel of Indian head and Buffalo design will be put into general circulation next Saturday.

### REACH BALTIMORE.

Baltimore, Md., Feb. 24.—The suffrage army reached Baltimore today. Tonight several of the suffragists made addresses at a theatre and at a downtown street corner.

### ATTENTION I. O. O. F. NO. 4.

Work in the initiatory degree to night. Members of degree staff take notice. Work begins at 8:30 sharp. J. Clark Rothwell, N. G. Carl E. Henderson, Sec.

The Mathematics and Science association will meet at home of J. P. Norton, 724 East State street, this evening. Mr. Norton will talk on "Electricity and Magnetism."

### By Comparison.

"Say, mamma, my teacher 'd make a bully highwayman!" exclaimed a boy as he rushed in from school.

"Why, Freddy, what in the world do you mean?" inquired his astonished mother.

"Why, she's always telling the children to 'hold up their hands.'"—Judge's Library.

### Took the Count.

"Bobby, you have been fighting with that Stapleton boy again. Did you count ten before you struck him, as I have always told you to do?"

"No, but I was told that somebody counted ten after he landed on me."—Chicago Tribune.

### JAMES F. CAREY LECTURES AT SOCIALIST HALL MONDAY

Addresses Large Audience On Subject: "The Socialist Challenge."

Socialists of the city opened a lyceum course Monday evening at their hall on West Morgan street, with James F. Carey of East Surrey, Me., as the first speaker. A large audience was present to hear the address on "The Socialist Challenge," and Mr. Carey said in part:

"In a land of bursting warehouses, plenty for all, where poverty is rife and trouble everywhere, there must be something wrong somewhere. There are in this day 10,000,000 people in want of the necessities of life and more millions are depending on them. Under the present system the average worker accepts his position as matter of fact with no hope to be otherwise. Originally tools of production were made and owned by workers but in the course of evolution these have passed into the hands of the present owners and to live the workers must ask permission to use these tools.

"The present worker is equivalent to ten of a generation ago when it took a very long time to make a pair of shoes, a barrel of flour, but our forefathers made a living and had no fear of the poor house. Today one worker wants \$30 per week and another \$10 per week, and of course the cheaper one gets the job, because he has the most pressing needs, he is the hungriest. This is the rule except where labor is protected by its union. No one can say that the tools of labor—mills, mines, railroads, factories—are other than the product of labor. Where can the raw material come from? Only from the workers. Now as workers create the product it should be theirs, but it is not. In return for producing these things workers are rewarded with dollars as wages, which are likewise created by energies of labor from raw material to the finished gold, silver and paper dollars. Not being able to eat the dollars they must go down to market and buy back some of their own product in order to live, but they find that they cannot make ends meet. They ask for an extra dollar and are pleased when they receive it, but when they make another trip to market they find that the prices have been raised. Wages go up on stairs and prices go up on the elevator. When workers are dissatisfied with this and strike, out come the police clubs and they are reinforced by the soldiers. Their orders are to have workers on the hard side of the club and the right end of the gun, to protect the masters. When workers get this they get what they vote for, as they outnumber the masters five to one. Capitalists clearly recognize that workers are in the majority and fear their united political action. It would mean the end of capital rule, hence workers are kept divided into separate parties and they are extolled with spell-binders of the virtues of John Smith, a pure Republican, or John Brown, a pure Democrat. The capitalist system is by far the most cruel system and even babies are victims of it, thousands of them being killed by impure milk."

Continuing, the speaker charged the capitalist system with responsibility for the social evil, the army of tramps, criminals, and insane and that Socialists do not mean to condemn a man because he has money, but that they wanted a man to receive a reasonable percent of what he produces. In conclusion Mr. Carey said: "Viewed from any standpoint the capitalist system stands condemned. There is no redeeming feature to it. Every strata of society is being permeated with the philosophy of our government. We are going to win sooner than we think. We are marching out of this accursed system with irresistible speed."

### HOSPITAL AFTER OWN NAME.

Central Christian Church to Support Institution in China.

For some time the Central Christian church has been giving funds for hospital use in Lu Cheo Fu, China, and now they have concluded to give \$1,000 a year, an amount sufficient to support the hospital for one year, and the institution in the far east will be known as the Jacksonville Christian Church hospital.

Enthusiasm over the hospital was increased Sunday, when Rev. F. M. Raina, general secretary of the Foreign Missionary society of the church, and who for eleven years was in China, gave two splendid addresses at the local church Sunday. A pledge of \$650 has been made and the congregation expects to increase the sum to the needed thousand. This hospital is the only one for over 75,000 Chinese and people come to it from great distances.

### SCHUMANN-HEINK

Manager Hunt of the Grand Opera house is working on a plan to have the world famed singer, Madame Schumann-Heink, sing in this city. For her appearance here Mr. Hunt will have to guarantee \$1,000 and his plan is to have the music lovers of the city subscribe for tickets. There is no doubt a large number who would be glad of an opportunity to hear this noted singer and it is not at all improbable that she will appear here in the very near future.

### J. W. McAllister of Woodson

shipped two car loads of hogs to the St. Louis markets Monday.

### Gomez Displeased.

San Antonio, Tex., Feb. 24.—Emilio Vasquez Gomez today wired to friends in this city expressing the horror of the king of Madero and condemning such an act as being outside the pale of enlightened government.

### "I most deeply deplore the situation for my country," the telegram says, "for my countrymen and myself occasioned by this seeming unjust tragedy."

### WITH THE SICK.

Miss Allee Shields was detained at home Monday by illness.

Mrs. Jack Walsh of Alexander, who has been ill for the past ten days, was brought to Our Savior's hospital Sunday.

### BUSINESS HOUSES ON SQUARE WILL MAKE CHANGE SOON

Montgomery & Deppe Will Occupy the Wehl Building on the West Side—Mr. Wehl to Move to Room Recently Vacated By E. Jenkin.

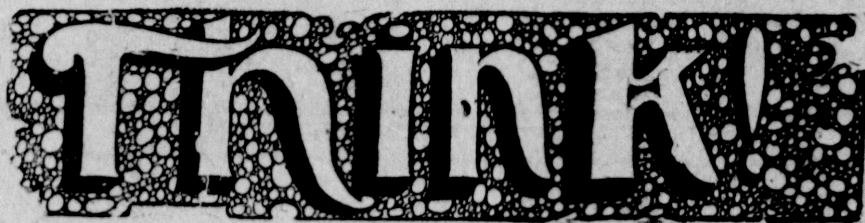

Some important changes on the square will take place within the next few weeks when Montgomery & Deppe will occupy the Wehl store room on the west side of the square and Mr. Wehl will move to the room next to the Byrns store, recently vacated by E. Jenkin.

Montgomery & Deppe decided several months since to remove from their present location and announced at that time that they would discontinue the dress goods lines and handle only ready-to-wear garments. It was their intention at that time to move to a room which would not be large enough for both lines and it is only recently that the arrangement was made for the large, light and spacious Wehl room. This room is twenty-two feet wide, with a good depth and the second story room is accessible and of the same dimensions. Mr. Wehl purchased it several years ago from the Rawlings estate and made a number of improvements but his business is such that he has little use for the large upstairs room and after a conference with Messrs. Montgomery & Deppe he decided to lease them his building move to the room not far away which will be ample for his business.

Mr. Wehl will move about April 1st and during that month extensive improvements will be made in the building for Montgomery & Deppe. These changes will include a spacious stairway from the first floor to the second. The building is of such size that the firm will be able to carry dress goods as well as ready-to-wear lines and the lower floor will be devoted to dress goods and the upper to the other department. Lace curtains and rugs will be the only lines dropped.

Montgomery & Deppe have conducted one of the most successful dry goods business in Jacksonville and in their new location, with modern facilities and new stocks they will undoubtedly do an increasing business. They expect to be ready for business May 1st, although the full line of dress goods and silks will not be on the shelves until fall. All spring and summer lines, however, will be on display at the present stand until May 1st and then at the new location. The King building now occupied by Montgomery & Deppe will house a new five and ten cent store.

Miss Allee Shields was detained at home Monday by illness. Mrs. Jack Walsh of Alexander, who has been ill for the past ten days, was brought to Our Savior's hospital Sunday.

We will pipe an old house at \$1.25 per room, including connection with the main. If you are not at present burning gas, how can you well afford to be without it when you can have it installed in your home at so small a cost. We carry a complete line of fixtures, burners, heaters, stoves; etc., etc. Remember our service is a satisfactory service.

## YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busy at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

TWO SIZES—50c. AND \$1.00

For Sale at all Drug Stores.

## Musterole-Quick Relief! No Blister

MUSTEROLE is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and the pain is gone!

Millions of people have adopted MUSTEROLE in place of the mustard plaster.

You will find it in large hospitals. Doctors and nurses use MUSTEROLE and recommend it to their patients.

They will gladly tell you what relief it gives from Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Plurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it prevents Pneumonia).

At your druggist in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the Musterole Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

"Musterole has helped me so much that I can hardly do without it."—Mrs. G. W. Thompson, San Antonio, Texas. (37)

## MISSISSIPPI TRAFFIC HAS

CHANGED GREATLY WITH TIME

Jacksonville Resident Made List of Craft on Great River Fifty Years Ago—Few Boats Used There Now.

The nearness of the opening of the great Keokuk dam has awakened general interest in the mighty father of waters and in this connection it might be of interest to contrast the state of traffic the stream bears today with that carried in the years 1850-1853. This was before the day of the locomotive and when steamboating was at its height. Then it was that Mark Twain was serving his apprenticeship. The appended list of boats running on the Mississippi in those years was compiled by the late John Jay Robertson for a meeting of the old settlers at Davenport, Ia., in 1883. Mr. Robertson was born in Davenport and lived there till he was thirteen years old, coming to Jacksonville with his step-father, Dr. J. T. Cassell, in '59.

Archer, Asia, Amaranth, Anthony Wayne, Bon Accord, Brunnett, (very fine); Ben Campbell, Ben Franklin, Brazil, Blackhawk, Cora, Caleb Cope, (fastest boat on river); Dubuque, Die Vernon, (largest boat on river); Danube, Diadem, Daniel Hillman, Express, Excelsior, Falcon, Fortune, Fleetwood, Far West, Fulton, Financier, Galena, Golden Era, (splendid boat); Glauca, General Gaines, G. W. Sparhawk, Highland Mary, Iowa, Ione, Itaska, Irene, Iron City, J. H. McKee, Jenny Lind, Lynx, Laminette, Mary, Menona, Martha No. 1, Martha No. 2, Mendota, Monongahela, Missouri, (mentioned by Mark Twain in Tom Sawyer); Minnesota, Mary Blaine, Montauk, Messenger, Mary C., Northern, Nauvoo, Nominee, Ocean Spray, Ocean Wave, Ohio, Oshkosh, Onesta, Oswego, Orb, Pembina, Prairie Bird, Red Wing, Ripple, Robert Fulton, Shenandoah, St. Paul, Senator, Swamp Fox, St. Croix, Silas Wright, Time and Tide, Tempest, Uncle Toby, War Eagle, Wyoming, Warrior, Wisconsin.

Here's a list of eighty different and distinctive craft. That was over fifty years ago. Today less than half a dozen are left to give a semblance of life to what was once a mighty fleet. The "Iron Horse" won the race.

Mrs. S. S. S. Van Buren St. Kingston N. Y., (full name furnished on application), had such decided benefit from using Foley's Honey and Tar Compound that she shares her good fortune with others. She writes: "Foley's Honey and Tar Compound brought my voice back to me during a severe case of bronchitis and laryngitis. Oh, how many people I have recommended it to." City Drug Store—J. A. Obermeyer.

COMING, COUNTRY CIRCUS. Coming, the Wonderful Country Circus, will be here Thursday, Feb. 27th, 1913 in Degen's hall on South Main street. All the most marvelous performances and freaks of nature will be on exhibition. Don't miss the circus. The performance commences promptly at 8 o'clock. Good music and dancing. Gentlemen, 25c. Ladies 15c. All come.

W. S. Skelton, a merchant at Stannely, Ind., says he would not take \$100.00 for the relief a single box of Foley Kidney Pills gave him. "I had a severe attack of kidney trouble with sharp pains through my back and could hardly straighten up. A single box of Foley Kidney Pills entirely relieved me." City Drug Store—J. A. Obermeyer.

KILLS SELF AFTER ROW WITH HIS WIFE. Following a quarrel with his wife Sunday, Michael Karr, a prominent farmer residing near Weldon, killed himself by swallowing carbolic acid.

## HAVE ANNOUNCED PROGRAMS.

Woman's Missionary Society of First Baptist Church Outline Work For Coming Months.

The Woman's Missionary Society of the First Baptist Church has announced the following program for the coming twelve months.

March, 6, 1913. Baptist Missions in Africa. Hostess—Mrs. Joseph Jackson. Leader—Mrs. L. C. Coleman.

April 3, 1913. New Colportage Work. Hostess—Miss Emma Reynolds. Leader—Mrs. Tanner.

May 1, 1913. A Visit to our Asiatic Missions. Hostess—Mrs. Alex. Rabjohn. Leader—Mrs. Garde.

June 1, 1913. Northern Baptist Convention. Hostess—Mrs. William Newman. Leader—Miss Hayden.

July 3, 1913. Burma. Hostess—Mrs. J. H. Davenport. Leader—Mrs. F. M. Springer.

August 7, 1913. Mormonism, the Islam of America. Hostess—Mrs. McIntyre. Leader—Mrs. Joseph Jackson.

September 4, 1913. Our Medical Missions. Hostess—Mrs. L. B. Turner. Leader—Mrs. Williamson.

October 2, 1913. State Work. Hostess—Mrs. Henley. Leader—Mrs. Goltra.

November 6, 1913. Our Isles. Hostess—Mrs. Jonas Lashmet. Leader—Mrs. G. H. Kopper.

December 4, 1913. Work Among the Indians. Hostess—Mrs. Harvey Long. Leader—Mrs. J. P. Brown.

January 8, 1914. Baptist Work in Russia. Hostess—Mrs. E. O. Mayer. Leader—Miss Etta Massey.

February 5, 1914. Praise Meeting and Roll Call. Thank Offerings. Election of officers. Hostesses—Mrs. Eli Crawford. Leader—Mrs. Mabel Goltra.

Chronic Constipation Cured. "I had been troubled with chronic constipation for two years and tried all the best physicians in Bristol, Tenn., and they could do nothing for me. Two packages of Chamberlain's Tablets cured me," writes Thos. E. Williams, Middleboro, Ky. For sale by all dealers.

GAVE FAREWELL PARTY. Mr. and Mrs. James Grimsley and family gave a farewell party recently which was an exceedingly enjoyable event. The time was spent with music, games and dancing and an excellent luncheon was served. Those who attended were:

Mr. and Mrs. Geo. Winter and family, Mr. and Mrs. John Rea and family, Mr. and Mrs. Joe Megginson and family, Mr. and Mrs. Mike Casey, Misses Lena and Harriet Taylor, Maud Rees, Inez Grider, Irene Oxley, Agnes Megginson, Lula Coultas, Kathryn and Mary Loneragan, Mayme and Josephine Loneragan, Allie and Lena Loneragan, Zella Cline and Elizabeth Peewee, Messrs. Willie Megginson, Louis Cline, Oral Rees, Con. Paul and Rich Loneragan, James Grider, Frank, James, Will and Edward Loneragan, Leo, Winter Ollie Taylor, Samuel Henry, Frank Wilson Thomas and Mike Loneragan, Herbert Barker, Leslie Cline, Dale White and Carl Robinson.

Mr. Grimsley and family expect to start for Webster, N. D., this Wednesday and the family will follow about a week later.

ATTEND SCHOOL OF INSTRUCTION. Mr. and Mrs. William Crawley, Mrs. George Haigh, Miss Fern Haigh, Mrs. Homer Rowland and Mrs. D. T. Heimlich attended the Eastern Star school of instruction at Springfield yesterday.

## TUBERCULOSIS AND MILK.

In anticipation of Dr. Hektoens appearance at the high school auditorium March 8th to discuss milk and its relation to the production of sickness it seems appropriate to set before the people of Jacksonville and vicinity a few things relative to the consumption of milk from cows that are tubercular.

It is unfortunate that the state law of Illinois can't compel a person who sells milk to have his cow tested for tuberculosis, but education and public demand is forcing many who sell milk to take this precaution.

Except in advanced stage the symptoms or signs of consumption are not marked enough to make the disease known by ordinary examination. Cows may look well, be fat, milk well and yet be passing consumption germs by the barrels or on an occasional cough and yet by test react and thus show that they are consumptive.

Two important facts are to be gained from the recent report of the British Royal Commission on Tuberculosis. The first states the comparative ease by which tuberculosis is spread among cattle. The cow cough and swallow sputum. In tubercular tuberculosis is produced and the germs are passed out in the nature which dry and become dust, is inhaled by uninfected cows, produces pulmonary and often general tuberculosis. More sputum is swallowed and the viscous circle is again gone through with. This is the manner in which a whole herd gets infected from one cow as a rule.

The second part to be drawn from the report is that 50 per cent of the cases of tuberculosis of the bones and glands and intestinal tuberculosis comes through infected milk.

The conclusion is obvious. We ought, acting to the best of our knowledge on the subject to demand that our milk supply be derived from tubercular tested cows. This is especially true of milk that is not properly pasteurized. Tuberculosis, a product of tuberculosis germs, has been used since 1891 for telling whether or not cattle have consumption. Tuberculin, being only a product of the germs, can't produce the disease and doesn't injure the animal. If the animal is tubercular, a decided rise in temperature takes place.

The temperature of the animal to be tested is taken several times at two hour intervals to establish a normal. At 10 p. m. of that day the tuberculin is given with a hypodermic syringe and then the temperature is taken every two hours for 20 hours to see whether or not there is a rise. As a result of this method an accurate diagnosis can be established in at least 97 per cent of the cases.

Is it important for you to know whether or not your cow has consumption. The expense for a tuberculin test is a nominal one. For the average single case, \$5 to \$10 which easily when it proves negative adds considerably more to the value of the cow and if positive prevents you from further infecting your family and perhaps your neighbors.

More interesting information along this line will be revealed to you in Dr. Hektoens talk at the high school March 8th.

Health Warning. Chilled and wet feet result in congesting the internal organs, and inflammation of the kidneys and bladder, with rheumatic twinges and pain in back, generally follow. Use Foley Kidney Pills. They are the best medicine made for all disorders of the kidneys, for bladder irregularities, and for backache and rheumatism. They do not contain habit forming drugs. Tonic in action, quick in results. City Drug Store—J. A. Obermeyer.

## WILL TALK ABOUT EDUCATIONAL MATTERS

Department of Superintendence of National Association is to meet in Philadelphia.

Philadelphia, Feb. 24.—Philadelphia this week is to be the educational center of the country. The occasion is the gathering of the nation's foremost educators for the annual meeting of the department of superintendence of the National Education Association.

A number of affiliated organizations are to meet with the department. Among these are the National Council of Education, National Society for the Study of Education, International Kindergarten Union, National Committee on Agricultural Education, Society of College Teachers of Education, Association of State Superintendents of Education and the National Congress of Mothers and Parent-Teachers associations.

Judging from the completeness and wide scope of the preparations that have been made for the gathering it will be one of the most notable and fruitful meetings in the history of the co-operative educational movement. Hundreds of well known educators have already arrived in the city and hundreds of others are expected to be on hand when the regular program is taken up tomorrow.

Nearly every state of the union is represented among the visitors. The membership of the department of superintendence is composed of public school superintendents representing communities as large as New York, Chicago, Boston and St. Louis, as well as some of the smallest villages in the country.

In addition to the superintendents the participants in the convention will include well known college presidents, state superintendents of education, educational writers and experts in every field of educational work.

During the five days of the convention every conceivable topic that could come within the general subject of education will be discussed by the foremost teachers and scholars of the nation. From the kindergarten child to the college post-graduate, the musician to the artisan, all kinds, degrees and phases of instruction will be considered. Unifying of school systems, abolishing useless courses, adaptation of courses to students and vocational and specialized training are among the subjects to which special attention will be given. At the same time a campaign to raise a \$1,000,000 endowment fund for educational research will be launched.

F. E. Walling, a farmer living near Yukon, Mo., strongly recommends Foley's Honey and Tar Compound and says: "I have been advised by my family doctor to use Foley's Honey and Tar Compound for my children when there was a cough medicine needed. It always gives the best of satisfaction and I recommend it to others." City Drug Store—J. A. Obermeyer.

## ENGLISH FARM FAILURES

If the number of failures furnish any index to the condition of agriculture in the United Kingdom, the prospect cannot be said to be very gratifying, as there were 312 failures among farmers in 1912 as against 245 in 1911 and 367 in 1910. The total for last year, however, is much less than in 1905, when 542 farmers failed, or even 1904, when there were 488 failures.

## POULTRY MEETING TONIGHT.

The regular meeting of the Morgan County Poultry association will be held this evening when plans for the annual banquet will be completed. The members are planning to hold the banquet about April 1 and are making preparations to make this the best in the history of the association.

## LITTLE GLIMPSES OF SOME FASCINATING BOOKS

One of the earlier English novels—Mrs. F. S. Hayden.

Arnold Bennett's "Your United States"—Mr. W. S. Camp.

Paine's "Mark Twain; a biography"—Mr. Thomas Worthington. Those who are interested are invited to come to the Public Library Tuesday evening, February 25th at 7:30 o'clock. The talks will begin promptly and the evening will end about nine o'clock.

Mrs. Hayden's choice of an entertaining English novel will not be announced before she makes it known herself on Tuesday evening. On an extraordinary as Mr. Arnold Bennett's delicate and masterful manipulation of one type of fiction is his facility at any sort of literary work. He has edited a woman's magazine with success and relish. He can turn out a best-seller with dispatch, and play with inconceivable celerity. His advice to the man in the street on the conservation of leisure moments has exactly that happy mingling of commonplace and suggestiveness that the man in the street craves.

And so, when Mr. Bennett visited America last winter, to see and to be seen, it was inevitable that his retrospective impressions should be forthcoming, as promise; and that they should be in quality, competent, spicy, of a leisurely measured depth and a carefully determined cohesiveness. "Your United States" is naturally undertaken in lighter mood. Mr. Bennett's stay among us was of the briefest. We are inclined to write down the best parts of Mr. Bennett's American impressions as very clever, very entertaining—and entirely fictitious. Mr. Frank Craig's Pictures are as smart as Mr. Bennett's text, from which they seem to have caught the prevailing note of genial, inconsequent picturesqueness. They give the book somewhat the appearance of a clever society novel—an appearance not wholly misleading.

"Mark Twain was, like every one else, a complex nature but a very simple soul, and something responsive to him in his biography is what has most justified Clemens in his choice of him for the work. The heretofore greatest of our humorists, perhaps the greatest humorist who ever lived, is here wonderfully imagined by a writer who is certainly not a great humorist. From first to last it seems to us that Mr. Paine has read Mark Twain aright. He has understood him as a boy in the primitive South-western circumstance of his romantic childhood; he has brought a clairvoyant sympathy to the events of the wild youth adventuring in every path inviting or forbidding him; he has truly seen him as he found himself at the beginning of his long climb to an emulous unequalled in the records of literary popularity; and he has followed him filially, affectionately, through the sorrows that darkened round him in his last years.

Another biographer more gifted, or less gifted, than this very single-hearted historian might have been tempted to interpret a personality so always adventurous, so always romantic, so always heroic, according to his own limitations; but Mr. Paine has not done this folly. Whether knowingly or not, he has put himself aside, and devotedly adhered to what we should like to call his job. But he has not done this slavishly."

When Burton Holmes recently gave his celebrated travelogue on "Panama" at Orchestra hall, Chicago, he was seriously interrupted by continual coughing of the audience. No one annoys willingly and if people with coughs, colds, hoarseness and tickling in throat would use Foley's Honey and Tar Compound, they could quickly cure their coughs and colds and avoid this annoyance. City Drug Store—J. A. Obermeyer.

## Wan, Weary and Worn Out

If You Feel Fagged to a Finish and Utterly Used Up Here is Quick Relief.

Don't Be Chained to the Hitching Post of Weariness.

Half the people you meet complain of weary muscles, stagnant brain, jangled nerves, and a mournful desire to lay down and just quit. Most of these people have been using nervines that spasmodically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear in mind that this worn out feeling is due to poor blood, to bacteria in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

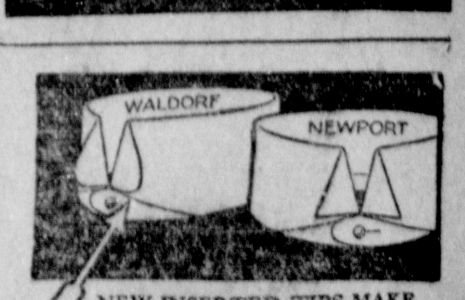

If you feel played out, go to any drug store and ask for a bottle of S. S. S., Swift's Sure Specific. Here is a remedy that gets at work in a twinkling; it just naturally rushes right into your blood, scatters germs right and left, up and down and sideways.

You feel better at once, not from a stimulant, not from the action of drugs, but from the natural effect of a natural medicine just as active and just as timely as to a man who has been lost in the mountains, is about starved and comes across a settler just cooking a savory meal of good honest beef. Do not neglect to get a bottle of S. S. S. today. It will make you feel better in just a few minutes. It is prepared only in the laboratory of The Swift Specific Co., 117 Swift Bldg., Atlanta, Ga. Send for their free book telling of the many strange conditions that afflict the human family by reason of impoverished blood.

## No Longer Cranky About His Meals

Has Perfect Digestion From the  
Use of a Well-Known Remedy That All Can Obtain.

The temper of the family and the good cheer around the table, depend so much on the good digestion of each individual present that the experiences of some former dyspeptics who overcame their trouble should be of interest to those now suffering in this way.

The best advice one can give—but it is advice that is seldom heeded—is to eat slowly and masticate each mouthful carefully. However, if slow eating and careful mastication fail the next aid is one close to nature, Dr. Caldwell's Syrup Pepsin. This remedy is an excellent digestant, and in addition to helping in the digestion of the food, acts gently on the liver and bowels, ridding them of the accumulation of waste that should long ago have been passed off. It is safe, reliable, pleasant-tasting, and results are guaranteed.

In the opinion of such people as Mr. L. J. Quinn, 1117 Newport Ave., Chicago, it is the ideal remedy for indigestion, no matter how severe, constipation, no matter how chronic, biliousness, headaches, gas on the stomach, drowsiness after eating and similar annoyances. Mr. Quinn says: "We use Dr. Caldwell's Syrup Pepsin as a family remedy and every member of the family from the five-year-old, who is the youngest of six children, to Mrs. Quinn and myself, use it for stomach trouble, sick headache and to regulate the bowels."

MR. L. J. QUINN.

You can obtain Dr. Caldwell's Syrup Pepsin at any drug store for fifty cents or one dollar, the latter size being bought by heads of families already familiar with its merits. Results are always guaranteed or money will be refunded.

When you use Syrup Pepsin you will see the fallacy of chewing mints and tablets or of taking cathartics, salts, pills and similar drastic medicines. Unlike these, Syrup Pepsin does not lose its good effect, and by automatically training the stomach and bowel muscles to do their work, soon restores these organs to normal.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed to you.

## Prominent Figures In Controversy Between the Firemen and Officials of Eastern Railroads.

Photo of Judge Knapp copyright by American Press Association.

For days the commercial interests of the country have been in suspense over the strike threats of the 30,000 firemen employed on the fifty-four railroads east of Chicago. W. S. Carter, leader of the firemen's organization, and Judge Martin A. Knapp of the United States commerce court are big factors in the arbitration steps. The above group shows (1) Daniel Willard, president of the Baltimore and Ohio railroad; (2) F. D. Underwood, president of the Erie railroad; (3) Judge Knapp; (4) W. H. Truesdale, president of the Delaware, Lackawanna and Western, and (5) W. S. Carter.

### WOMEN CLEAN UP LA SALLE.

Illinois Town is Freed of Insanity Spots by Aggressive Club.

Bloomington, Ill., Feb. 24.—There is an old adage that a new broom sweeps clean, but in the hands of a woman it is apt to sweep still better. The Commercial Club of La Salle has just found out that this is true. When the organization received a petition last March from a score of women, asking permission to organize the Women's Bureau of the La Salle Commercial association, some of the men were inclined to treat the request as a joke. Others, more gallant, spoke in favor of the petition and it was finally voted to let the fair sex organize and give them free rein to do what they pleased in the interest of the city.

While nominally a branch of the Commercial club, the Women's Bureau has been operated practically independently of the men's organization. Its object was to assist the business men in plans for the betterment and beautifying of the city. The men were content to devote their time to securing industries and encouraging local enterprise.

The women went to work. Increasing its membership to fifty and electing aggressive officers, the bureau soon attracted attention. An unsightly spot on First street, which had been an eyesore for years, was converted into a park, with grass and flowers. A "clean-up" week was suggested and acted upon by the entire population, the results being a surprise and delight to the entire community. The bureau organized a campaign against flies and unsanitary conditions in alleys and around stables. This was conducted throughout the entire summer with great success. A spring clean-up is now being agitated, as well as one in the fall.

The Women's bureau is now investigating the question of pure milk and sanitary dairies. The subject is being studied from a scientific viewpoint, one of the high school teachers giving lectures at the request of the bureau. The members of the bureau find that the spirit of co-operation between the home, the school and commercial interests will accomplish much that otherwise would be left undone. The new officers of the bureau just elected are as follows: President, Miss Idalette Campbell; secretary, Miss Mary I. Duncan; treasurer, Mrs. Fred Zimmerman; directors, Mrs. Frank Zwick, Mrs. W. S. Evans and Mrs. Margaret Christopher.

### REMOVAL NOTICE.

Dr. C. C. Patchen removed from 301 1/2 South Main street to 340 East State street.

"I suffered a great deal from stomach and bowel trouble, for several years, and failing to get relief from any one else, I consulted Dr. C. W. Carson, the Chicago Specialist. After taking a course of his treatment, I can cheerfully recommend him to any one afflicted with a severe case of stomach trouble, as he has certainly given entire satisfaction to me. I will be glad to answer any inquiry.

George Knollenberg, Mason City, Ill.

### Little Girl Cured of an Awful Cold.

"Two years ago our little girl had an awful cold that settled on her lungs," says Mrs. Wm. Galbreath, Hamburg, N. Y. "We were greatly worried about her condition. She had a persistent croupy cough that clung to her despite all our treatment, until I got a bottle of Chamberlain's Cough Remedy. This preparation relieved that dreadful cough and choking and effected a positive cure in the course of a few days' time." For sale by all dealers.

### MUMMY LATEST IN SLEEVES.

Miss Helen Taft Sets Stamp of Approval on Tight Innovation.

Washington, Feb. 24.—Miss Helen Taft has given final approval to the "mummy" sleeve, the latest thing in dress, which was introduced to Washington society by Mrs. Spencer Crosby. Miss Taft's sleeves will not be so tight as those worn by Mrs. Crosby, but the design is exactly the same. Mrs. Martin Littleton has also adopted the new style.

The "mummy" sleeves, as demonstrated by Mrs. Crosby, are exactly like those worn by Ramses and Crotoph in their graves. The sleeves are wrapped so tightly that it is impossible to raise the arms, and, in fact, Mrs. Crosby had great difficulty in shaking hands at a recent reception.

Mrs. Crosby's most recent "mummy" sleeved gown is of pink and silver brocade. A new white satin gown has these sleeves made of the flimsiest of real lace.

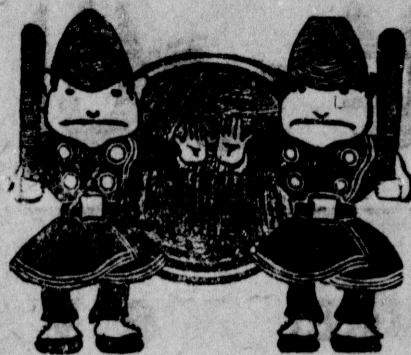

### READ THIS

The Texas Wonder cures kidney and bladder trouble, removes gravel, cures diabetes, weak and lame backs, rheumatism and all irregularity of the kidneys and bladder in both men and women, regulates bladder troubles in children. ## Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor's" prescriptions. Their mistake is that they visit the wrong department in the drug store. Beauty depends upon health. Worry, sleepless nights, headaches, pains, disorders, irregularities and weaknesses of a distinctly feminine character in a short time bring the dull eye, the "crow's foot," the haggard look, drooping shoulders, and the failing step.

To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for

## DR. PIERCE'S Favorite Prescription

This famous medicine strikes at the very root of these enemies of your youthful appearance. It makes you not only look young, but feel young.

Your druggist can supply you in liquid or tablet form. Send 50 one-cent stamps to Dr. Pierce's Invalids Hotel and Surgical Institute, Detroit, Mich., and trial box will be mailed you.

## NOTICE

## To Farmers and Stock Raisers

We are now manufacturing under State License, the best Brand of hog food on market known as "SURE FATTEN HOG FOOD". It is far superior to any Brand of Hog food on the market to day. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47,673. Guaranteed analysis as follows:

Crude Fat . . . . . 10.00 to 14 per cent  
Crude Protein . . . . . 52.50 to 60 per cent  
Crude Fibre . . . . . 1.00 to 3 per cent  
Phosphate . . . . . 10.00 to 12 per cent

## What Is "Sure Fatten Hog Food"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, containing twice as much protein as oil meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE recommended by all leading experiment stations.

It is packed in one-hundred-pound burlap sack, plainly marked "SURE FATTEN HOG FOOD," analysis as above.

It is the ideal feed to balance rations.

## What "Sure Fatten Hog Food" Tankage Does.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby, saving one third of the feed bill, one third of the labor, one third of the risk, increasing profits one third.

It grows better proportioned hogs, more meat, a d more fat, hence market-topper hogs. SURE FATTEN HOG FOOD TANKAGE fed hogs ship well with small shrink.

While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that SURE FATTEN HOG FOOD TANKAGE fed hogs are universally healthy hogs.

## Manufactured by the Jacksonville Reduction Co., Jacksonville, Ill.

## Cherry Annex SAVED FROM OPERATIONS

Two Women Tell How They Escaped the Surgeon's Knife by Taking Lydia E. Pinkham's Vegetable Compound.

Swarthmore, Penn. — "For fifteen years I suffered untold agony, and for one period of nearly two years I had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now. I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles." — Mrs. EMILY SUMMERSGILL, Swarthmore, Pa.

Baltimore, Md. — "My troubles began with the loss of a child, and I had hemorrhages for four months. The doctors said an operation was necessary, but I dreaded it and decided to try Lydia E. Pinkham's Vegetable Compound. The medicine has made me a well woman and I feel strong and do my own work." — Mrs. J. R. PICKING, 1260 Sargent St., Baltimore, Md.

"Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?"

### DELEGATES UNDECIDED AS TO FUTURE COURSE

International Association of Bridge and Structural Iron Workers May Reorganize at Indianapolis.

Indianapolis, Feb. 24.—Meeting under conditions without a parallel in the history of organized labor, the sixteenth annual convention of the International Association of Bridge and Structural Iron Workers was assembled in this city today with an attendance of delegates representing local branches of the organization throughout the United States and Canada.

The place of the convention was within a stone's throw of the federal building, where, only a few weeks ago, after a sensational trial lasting several months, more than thirty officials and prominent members of the iron workers' association were found guilty in the "dynamite conspiracy" cases and sentenced to prison.

The convicted officials, who have been released on bonds pending their appeals to the higher court, were the most conspicuous participants in the opening proceedings of the convention today. President Frank M. Ryan, an, one of those under prison sentence, occupied the chair and was given an ovation when he called the gathering to order.

Talks with the delegates indicate that the convention is likely to prove the most important ever held by the association. Weighty problems are to be discussed and acted upon. The rank and file of the membership advocate a reorganization of the union as there are now only two members of the executive board who are not under sentence to prison. The question of reorganization, however, is a difficult one to solve and it is evident that many of the delegates are in a quandary as to how to proceed.

It is desired to avoid any action that might be construed as a "turn down" of the convicted officials. The union has spent a vast amount of money in defending these officials, and it is expected that much more will be spent in an effort to "save" them from prison. At the same time, it is felt that a new deal all around, from the president down to the minor officials, will be for the good of the union. It is said that strong pressure will be brought to bear upon the convicted officials to voluntarily resign and not seek re-election to office, which course, it is believed, would be the best way to solve the present dilemma.

### QUICK RELIEF

**FOR RHEUMATISM.**  
George W. Keon, Lawton, Mich., says: "Dr. Detchon's Relief for rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

**NOTICE TO CONTRACTORS.**  
Sealed proposals will be received at the office of the undersigned, for the erection of a new eighth grade public school building in Jacksonville, Ill. up to 2 p. m. Monday, March 17th, 1913 in accordance with plans and specifications prepared by C. W. Buckingham, architect 225 1-2 East State street, Jacksonville, Ill. Bids shall be accompanied by certified check in the sum of ten per cent of the total bid. All contractors, sub-contractors and dealers in material may submit bids in accordance with plans and specifications on file in the office of the undersigned in the city hall, Jacksonville, Ill. Plans and specifications can also be obtained at the office of C. W. Buckingham. Contractors who desire to take plans from the architect's office shall deposit \$10 with the architect. The board of education reserves the right to reject any or all bids.

R. L. Pyatt,  
Clerk of Board of Education.  
Jacksonville, Ill., Feb. 15, 1913.

**PROPOSALS ASKED.**  
Sealed proposals will be received by the city clerk of the City of Jacksonville, Illinois, until noon, the 7th day of March, A. D. 1913, for furnishing and delivering to the city one Combination Chemical Hose Car, properly and fully equipped to tow a fire engine weighing 10,000 lbs., at the rate of not less than 20 miles an hour on high speed, up an 8 per cent grade, three-quarters of a mile long.

Each bid must be accompanied with a copy of specifications of equipment upon which bid is made as follows:  
Frame Drive  
Transmission Springs  
Axles Ignition  
Steering Gears Brakes  
Clutch General Guarantee  
Tool Boxes Cooling System  
Battery Box Wheels  
Equipment Tires  
Motor Starting Gasoline Tank  
Motor Drive (if chains)

Carrying Capacity  
Lighting Equipment  
Speed, Weights and Lengths  
Specifications for Body—  
—Body  
Chemical  
Painting.  
Miscellaneous Equipment.

Each bid must state when delivery will be made.  
A certified check for \$100.00 payable to the City of Jacksonville, Ill., shall accompany each bid.  
The council reserves the right to reject any and all bids.

C. R. Knollenberg,  
Com. Accounts and Finances.

Conductor S. L. Miller, Norfolk, Neb., on Bonesteel Division of C. & N. W. Ry. Co., recommends Foley Kidney Pills and says: "I have used Foley Kidney Pills with very satisfactory results and endorse their use for any one afflicted with kidney trouble. They are all right." City Drug Store—J. A. Obermeyer.

### LETTER FROM BERLIN.

(By Associated Press.)

Berlin, Feb. 24.—A moving picture film showing the dangers of an impure milk supply has been exhibited with such good effect in Germany that health officials at once became much more rigorous in their enforcement of the pure food regulations. Their campaign against negligent dairymen was conducted with such energy that the milkmen finally presented a petition to the authorities, asking for the prohibition of this particular film. In reply to this action Professor Schlossmann of the Dusseldorf municipal hospital for children, who is responsible for the film, proved that it had led to the trial and conviction of many dairymen for violation of the pure food regulations. Its exhibition was not discontinued.

Moving pictures have become an important part of the entertainment business in Germany. There are now no less than 220 moving picture theaters in the capital, with as many more in the suburbs. The tendency now is to erect special houses, architecturally suited for picture-show. Three such establishments are now building in Berlin, one of which will seat 1,600 persons.

Meat prices, with the exception of beef, have advanced sharply again, after having remained nearly stationary since October. October prices were much higher than those for October of 1911, and any advance over them means that a considerable portion of the poorer classes will eat less meat and eat it less often.

The number of animals available for slaughter in Germany is today much lower than it was a year ago, and lower also than it was in 1907. There are reductions in hogs and neat cattle compared to a year ago ranging from 5 to 15 per cent, according to the locality, and in some places the reductions in the numbers of sheep amount to 35 per cent.

Buyers paid the farmers about 14 cents a pound for live hogs in January, 1911. This month they are paying about 15 1/2 cents.

The insurance of the German working classes is not to be left wholly in the hands of the government and its organs. An association for insuring the working classes on the largest possible scale has just been founded at Berlin under the presidency of Count Posadowsky, former secretary of the interior.

The capital for this company, amounting to \$276,000, has been subscribed by thirty German life insurance companies.

## STOP HAIR FALLING TODAY

It won't cost you a cent to prove that you can stop falling hair and prevent baldness, for Cover & Shreve will supply you with a bottle of PARISIAN Sage and if you are not satisfied with the result Cover & Shreve will refund the full purchase price.

The same guarantee applies to dandruff, splitting hair, or scalp itch. PARISIAN Sage is the most delightful, refreshing and invigorating hair dressing in the world. It preserves the natural color of the hair and imparts to it a glossy appearance that all admire.

Large bottle 50 cents at dealers everywhere. The girl with the Auburn hair on every package. Be sure it's PARISIAN Sage.

## The Secret of Soft White Hands and Arms

Only with KIRK'S FLAKE (White) Soap can you be sure to have your clothes wash easier and quicker and whiter than ever before and at the same time feel perfectly sure that they are not being rotted with chemicals and "dirt starters" and that your hands will be soft and white as when you began your work.

Use it anywhere in the household or for the roughest work in the laundry and kitchen. Equally effective in hot or cold—hard or soft water.

## KIRK'S FLAKE WHITE SOAP

Made of pure, sweet, aromatic vegetable oils only and costs no more than ordinary soaps. Why experiment with cheap grease soaps that burn the hands and destroy the clothes? Good soap is cheaper than new clothes. The antiseptic qualities of KIRK'S FLAKE (White) are well known; everything washed with it becomes clean, sweet and sanitary. It contains no adulteration.

## SCANT SKIRTS

Going Out!

Long ago a crusty old philosopher said that woman's clothes were a disgrace! What would he have said if he could have seen the fashionable girl this winter in "the skirt that fits like a compress"?

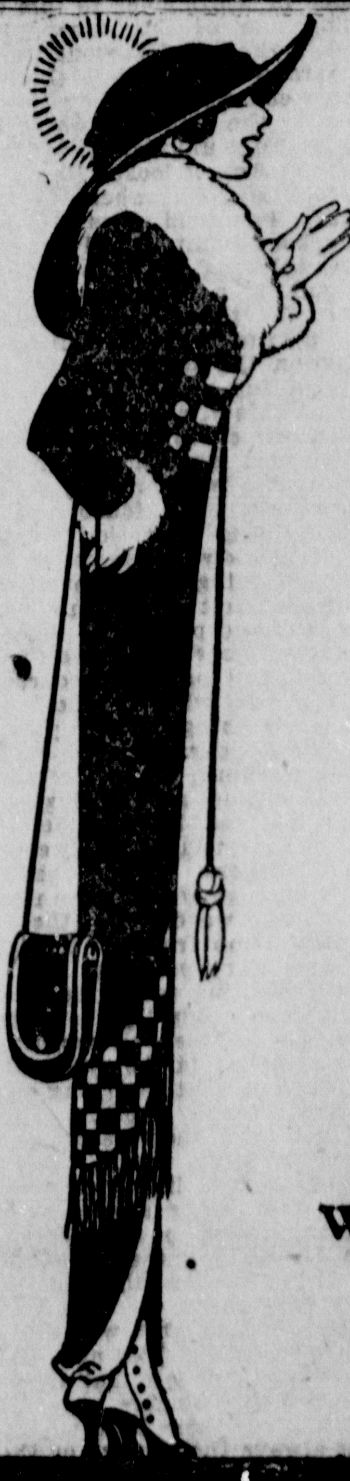

But—

the new Spring Fashions are fetching, alluring—and sensible. The March Woman's Home Companion tells everything about the Spring styles that any woman could possibly want to know.

Get the Advance Spring Fashion number of the Woman's Home Companion before you plan your spring clothes—15c.

**A STRONG REFERENCE.**  
A young man recently applied for  
a position with a large printing  
house, and not having a letter of  
reference, offered his bank book. It  
showed a regularity of entries of de-  
posit. It was a very strong recom-  
mendation, indicating character and  
persistence, which finally secured for  
him a good position.

# How to Make CALUMET Biscuit

To see how delightful baking can be, get a can of Calumet Baking Powder—and try this delicious recipe:

Calumet Biscuit.  
1 heaping teaspoonful Calumet Baking Powder,  
1 level teaspoon of salt,  
2 rounding tablespoons butter or lard,  
1/2 cup of milk,  
3/4 cup of water.

Sift flour once, then measure, add salt and baking powder and sift three times, run shortening in with fork or spoon, add milk and water, turn out on a well floured board and roll one inch thick, cut and bake in a quick oven about twelve to fifteen minutes.

And then when they come piping hot from the oven, light and fluffy and wholesome—butter and taste.

That's the Calumet test—always. Everything baked with Calumet must be as good—or a little better—than bakings made with other brands.

Calumet is moderate in price—economical in use. Your grocer knows—ask him.

## RECEIVED HIGHEST AWARDS

World's Pure Food Exposition, Chicago, Ill.  
Paris Exposition, France, March, 1912.

# CALUMET BAKING POWDER

## CALUMET GUARANTEE

We guarantee Calumet to be pure and wholesome, and to give perfect results. If, in your opinion, Calumet fails to give satisfaction, return the can to the grocer and get your money back.

CALUMET BAKING POWDER CO.

P. S. We forgot to mention in the above recipe that it requires four cups of sifted flour.

## LIGHT ORDINANCE PASSES COUNCIL

### PEOPLE WILL VOTE ON QUESTION OF REBUILDING ELECTRIC PLANT.

City Now Pays Local Company \$2,500 a Year For Light—Council Is Asking Bids For Auto Truck—Will Install Street Flushing Machinery.

At the Monday session of the city council the light ordinance was passed and an election thereon will be called for an early date in April. In the discussion of this ordinance the adoption of which was opposed by Commissioner Newman, it was stated that the city now pays the Jacksonville Light Co., \$2,500 a year for light in city hall, the schools, the park and elsewhere and that with a remodeled plant this would be eliminated. It was also stated that the lamps now in use are so old that repairs cannot be secured for them except at great expense as repairs wanted must be handmade. Mr. Newman opposed the ordinance because he did not think the present an opportune time to present the matter to the people.

**Flushing the Streets.**  
The city council met Monday morning in regular session. The roll call showed all members present and the minutes of the last meeting were read and approved. A communication was read from a St. Louis firm manufacturing street flushing machinery. Commissioner Newman said he knew, in a general way, about such machinery and the success with which it was used and he thought it would be well worth while for the council to get some facts about the machinery as to the cost, and the work, it will do. He thought it would pay to send a committee to some nearby city where a machine of that class is working and he thought the company would be willing to pay the expense involved. He thought it would be worth while, however, even if the expense must be borne by the city. The matter was referred to Commissioner Newman to investigate and make a report.

A bill from Daniel McGinnis was o. k. d amounting to \$23.45, being a rebate for license on the Gem theatre. The license was paid for a year with the understanding there was to be a rebate if the theatre closed.

The matter of the electric light plant bond ordinance was called up for a second reading. Mr. Newman said he would like to have the matter postponed for the present as he would have to vote against it in its present form. He went on to say that he found a good many people were opposed to the ordinance because they had a feeling that electric power could probably be secured, later on, at a fair price from the Keokuk Power company, or from some other large producing company. He thought also, that as franchises for the railway and light companies are to be put to a vote within a comparatively short time that it would be well to have the light bond election at the same time and thus save some expense.

**Light Plant is Obsolete.**  
Commissioner Brennan said that he was in favor of having the light plant election by itself and thus giving the people a chance to express themselves on that proposition alone. He thought to have it along with other matters might confuse the issue. He said that he had talked with Mr. Chubbuck about furnishing power and that the only power the local company could furnish was after 12 o'clock at night so that arrangements could not be perfected with them. Further he said that he had been doing all that he possibly could make the present plant effective, that old lamps were being repaired as fast as possible and that with the superintendent of the plant he had worked until midnight, a great many nights on the road, to keep the plant in the highest state of efficiency. He realized that a great many lamps did not give the service desired but said that all possible to be done with the present equipment was being done. He wished that people would come down to the plant and see the condition and also look over the plans for improvement and said that he was perfectly willing to see the matter go to a vote of the people and thus get an expression of their wishes in the matter. He mentioned that at a recent meeting some members of the Chamber of Commerce had opposed the plan for rebuilding but he thought that they would change their opinion if they looked through the plant and saw the real condition. He mentioned the fact that he had been going over the bills paid by the city direct, and the board of education, to the Jacksonville Light company and said that the yearly bills total more than \$2500. He said that the plans for a light plant improvement, if carried out, would make it possible to cut out this expense and thus result in material saving to the people. It costs over \$30 a month to light the city hall and an average of \$10 a month at the pumping station and the monthly bill at the park, during the open season, is \$70 a month.

**Cannot Get Lamp Repairs.**  
Commissioner Knollenberg said that with Mr. Brennan he had looked into the matter of repairs for the present street lamps and was informed by the Ft. Wayne company that the machinery used in the manufacture of the lamps here was so obsolete that it had been dismantled. The only way possible to secure repairs for the present lamps is to have them hand made and this is entirely too expensive. They had figured that to assemble an entire lamp would cost from \$80 to \$90 while the actual value of the lamp is \$15 or \$16.

Mayor Davis then said that of the

amount suggested for light plant improvements that fully forty per cent would be required for wires and lamps and other overhead expense. He said too that the matter of buying power, even if the power were at hand, is not so simple as it might appear on the surface. He said that the late C. W. Brown had told him that it would cost eighteen or twenty thousand dollars to put in the necessary machinery at the plant for reducing the current which might possibly be purchased from the Keokuk Power company.

**Reserve Power Provided.**  
Mr. Brennan stated that it would cost \$7,000 at any rate, to put the present lamps in condition and that they would then be out of date and that the plant would still be obsolete and that to make any changes, there of any permanent value, would cost ten or fifteen thousand dollars and still the plant would be old and out of date. The present plans contemplate machinery extensive enough so that there will be some reserve power in case of accident or if at any time the legislature enacts a law whereby it is possible for a municipality to sell light or power then the local plant will be large enough with slight changes to be utilized for such a purpose.

Mr. Newman asked if Mr. Knollenberg had looked up anything about the possible bonds and the latter said he had. He said that N. W. Harris & Co., had told him that there would be no trouble in floating the bonds at 4 1/2 per cent and that they would probably bring a premium on that basis.

The ordinance was then read and was adopted, Mr. Newman voting against it and the mayor and other commissioners voting for it.

**To Ask Auto Truck Bids.**  
Commissioner Engel, stated that he was getting ready to advertise for bids for a combination chemical and hose auto truck capable of pulling 10,000 lbs. and able to take a speed of twenty miles an hour up an eight per cent grade. Bids are to be received March 7th. Mr. Newman said that at the Clay Products exposition to be held soon in Chicago that there will be various kinds of paving materials shown and something about the method in its construction and he thought it would be worth while for the city to send a student of streets engineering up there for a day or two. He recommended that this be done as he thought they might get some ideas that would be useful.

Mr. Knollenberg was opposed to the plan as he thought it a bad precedent to set to take men out of any department and send them away at the expense of the city. He was willing for Mr. Newman to go, as head of the street department and thought any errands of the kind should be attended by the commissioners who are responsible for the work of the various departments.

Mr. Newman said he thought it would be more helpful to the city for Messrs. Henderson and Spaulding to go and he made a motion to that effect which was carried. Mr. Knollenberg voting against it.

The council then adjourned.

## PLAYS AND PLAYERS.

Paul Cazeneuve has a stock company in Morristown, N. J.

There is to be a revival of "Rob Roy" about Easter time.

Marie Dressler is to go out at the head of a vaudeville company.

Vincent Serrano is in vaudeville with a sketch called "The Outlook."

Douglas Fairbanks is to go to London in "A Regular Business man."

Augustus Thomas is to write a play for Henry Miller for next season.

Louise Randolph has been engaged for the cast of "The Hundredth Man."

W. A. Brady is to produce a play by Owen Davis called "The Family Cupboard."

The Schuberts are to make a star revival of "The Beggar Student" in the early spring.

Mrs. Patrick Campbell, who has been seriously ill for some time, is reported on the road to recovery.

Francis Carlyle is to appear in vaudeville under the direction of Joseph Hart in a play called "The Perret."

Klaw and Erlanger will produce an adaptation of a foreign attraction called "The Circassian Beauty" in the near future.

It is again announced that Ethel Barrymore will appear in a dramatization of Anna Douglas Sedgwick's novel, "Tante."

James T. Powers contemplates vaudeville. His starring vehicle, "The Two Little Brides," may be revived in the spring.

Clara Lipman has just completed in collaboration with Samuel Shipman a satirical comedy, entitled "The Children of Today."

Max Hoffman, the husband of Gertrude Hoffman, has composed the score of a comic opera, which will be produced in England this spring.

Winthrop Ames has disposed of his rights to "Romance" to the Schuberts, who will make an early production of it. The play is by Edward Sheldon.

Holbrook Blinn is working on plans to revive "The Boss." He says he hopes some day to get a play with Napoleon as the central character.

"The Son and Heir" by Gladys Unger, has recently been successfully produced in London and will also be seen in this country before long.

John Drew is to appear this season in a revival of "Much Ado About Nothing." He originally acted the role of Benedick with Ada Rehan as Beatrice.

A. H. Woods returned from Europe the other day with nearly a dozen new plays, which he expects to produce within the next six months. The list includes a French farce, "Taxi 4-11-44," "The Eleventh Muse" by Jean Gilbert; "The Girl From the Provinces" by Pierre Weber; "The Ladies' Tailor," and "The Wives of Harold," two comedies, and "His Brother," a French drama in which Dustin Farnum will star.

## NOTES FROM LABOR WORLD

The approximate number of wage earners in Canada is estimated at 1,237,000.

Forty-six states have enacted mechanics' lien laws to protect workers' wages.

Carpenters at Springfield, Ohio, will ask for an increase of 5 cents an hour, to take effect May 1.

April 14 has been fixed as the date for the declaration of a general strike in Belgium by the national council of workmen's organizations.

The Cigarmakers' International union leads in the payments of benefits to its members, with \$251,677.41 in death benefits and \$201,296.03 in sick benefits.

The compensation commission created by the last general assembly of Missouri, has, after nearly two years, completed the draft of a bill which will be recommended to the legislature.

No organization in New York, except the Hotel Workers' union, has given the I. W. W. recognition so far and in an official statement issued by it recently it was declared that there had been no affiliation.

The placing of women college graduates on the St. Louis police force, whose duty would be to watch wayward girls and keep the eye of the law on tenements and sweatshops, is advocated by a clergyman in that city.

The Chicago Union of Street Railwaymen's International union paid out in benefit claims during the year 1912 \$73,000. Of this amount the international paid \$51,300; division 241, \$12,000; division 260, \$5,800; division 308, \$3,800.

The number of men in trading vessels in April, 1911, from whom seamen and stockers of the Royal Naval reserves can be recruited, was 14,000 in the sailors' department and 6,000 in the engineers' department.

Efforts to obtain the passage of a law for an eight hour day for all engineers in the state of Washington will be made at the present session of the state legislature by members of the International Union of Steam Engineers.

Maryland, Arizona and Minnesota passed laws last year modeled on the uniform child labor law, which was drawn up by the national child labor committee and unanimously adopted by the American Bar association at its annual meeting last August.

The organized working girls of Chicago have pledged themselves for one week to forego pie, picture shows, candy, carefree, ice cream sodas, dances. The money saved as the result of this seven days' abstinence is to go to an organization fund to be expended in organizing the 125,000 working women of Chicago.

Statistics show that the average production for each man employed in coal mining in 1911 was 524 tons in the anthracite mines—an exceptionally large tonnage—and 738 tons in the bituminous mines. The average daily production for each man employed was 2.13 short tons in the hard coal mines and 3.50 tons in the soft coal mines.

In his annual report to the New York legislature the superintendent of prisons says the net earnings of the prison industries for the year were \$192,286, an increase over the previous year of \$55,335. The total shipments since the institution of the industrial department, in 1897, have amounted to \$10,548,401, the total earnings of the same period aggregating \$1,704,217.

**D. W. THOMAS OF CHICAGO, ILL.,** will be at Wood's barn on East Court street, on Wednesday, February, 26th to buy mules and horses that are fat and ready for market for which he will pay the highest market price.

## VEHICLE LICENSE.

The vehicle tax for the year 1913 is now due and payable and all owners of vehicles are requested to make prompt settlement and avoid further expense.

R. L. Pyatt, city clerk.

## QUIT CALOMEL

Thousands are Turning From This Dangerous Drug.

A Safe Vegetable Substitute is Olive Tablets for the Liver.

Dr. F. Edwards, a prominent physician of Ohio, has discovered a new laxative and liver toner in a combination of vegetable materials mixed with olive oil, which is in effect almost exactly like the old and untrustworthy calomel, except that there are none of the bad effects of calomel.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers.

His distrust of the uncertain drug eventually started him years ago towards experiments with the view of discovering a substitute, and he is to day in possession of the long-sought for combination, which is in the shape of a little sugar coated, olive-oil colored tablet.

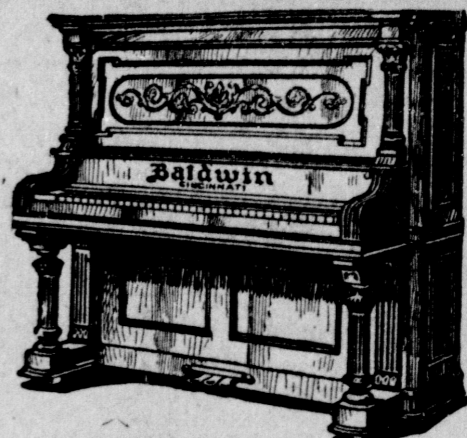

The results of 17 years' experience and practice are embodied in these marvelous little tablets.

They are called Dr. Edwards' Olive Tablets. They oil the bowels, and their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as thousands of others who have suffered and were afraid of calomel.

They are gentle in their action, yet always effective. They bring about that exuberance of spirit that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities. 10c and 25c per box.

The Olive Tablet Company, Columbus, O.

Some People like to brag about their own name and how long they have been in business.

I like to brag about the kind of pianos I have to sell, the class of customers I have sold to and the "Square Deal" methods I use in selling, which is more essential to the future purchaser.

## CITY AND COUNTY

Miss Iora Hall spent Sunday with relatives in Alexander.

Jesse Lawson of Alexander is visiting with friends in the city.

Miss Mabel Snyder of Alexander is visiting with relatives in the city.

Henry Hall of Bloomington is visiting at the home of his parents in Alexander.

Miss Mary Johnson was a guest at the home of Mrs. W. H. Hinrichsen in Alexander Sunday.

Herbert Sinclair of Virginia is visiting at the home of his parents, Mr. and Mrs. A. M. Sinclair in Alexander.

John McDaniels, who has been residing on the Salzenstein farm five miles south of Ashland, is moving to Bluffs.

Charles O. Day of Cooperstown was a business caller at the home of his parents, Mr. and Mrs. Mammal Day east of the city, yesterday.

The Young Ladies' Aid society of the Baptist church will meet at 7 o'clock this evening at the home of Mrs. Long on West Lafayette Ave.

E. Geoffrey of Golden, has moved to the city and is residing at 402 Sandusky street. Mr. Geoffrey came here for the purpose of placing his daughter in the school for the deaf.

Mrs. Sarah Huntington who has been a guest at the home of her daughter, Mrs. William Floreth on West College avenue for some weeks has departed for her home in Centralia.

Mrs. J. A. Hensley and daughter Miss Ada, of Mt. Vernon were shopping in the city Monday and left in the evening for Girard where they expect to visit with relatives for a few days.

Charles Franz, former proprietor of the Dunlap, who has recently returned from an extended stay in Florida, spent Monday in Jacksonville. Mr. and Mrs. Franz are now in Springfield.

G. A. Sieber and Iven Ingram expected to leave this morning for Bridgeport, Lawrence county where Mr. Sieber has the contract for wiring the First Presbyterian church of that place. They will be absent from the city for a week.

G. W. Rockwood of Aurora, state agent of the Clover Leaf company for Illinois, and A. M. Jackson of Litchfield, a special agent of the company, are visitors at the home office.

Mr. and Mrs. C. H. Allard of Quincy were guests Monday of Rev. J. W. Miller and family. Mr. Allard is an official in the Vermont Methodist church of Quincy, of which church Rev. Mr. Miller was pastor before coming to Jacksonville.

No more darning if you buy Buster Brown Stockings, 25c a pair at Tomlinson's.

## MORTUARY

**Inskip.**  
Funeral services for John Frank Inskip were held Monday afternoon at 2:30 o'clock at the Jacksonville cemetery, in charge of Rev. Clyde Darsie, pastor of the Central Christian church. The flowers were cared for by friends.

**Scott.**  
George M. Scott died Sunday night at 10:40 o'clock. The remains were taken to the Gillham undertaking establishment and will be taken to Franklin this afternoon at 2:08 o'clock via the Burlington. They will be taken direct from the train to the Franklin cemetery where a brief service will be held and interment will be made.

**Schaub.**  
Funeral services for J. Warren Schaub were held Sunday afternoon at 1:30 o'clock at the residence of his sister, Mrs. Henry Schreiner, 523 East Morton avenue, in the presence of a large gathering of relatives and friends. The services were impressively conducted by Rev. H. S. Alkire pastor of the Brooklyn Methodist church, who by request, spoke from the text: "In My Father's House There Are Many Mansions", a favorite of the members of the family. A very eloquent sermon, full of words of consolation and also containing an excellent tribute to the life of the deceased, was delivered by the pastor.

Music suitable to the sad occasion was furnished by Miss Mary Lindsay and Mrs. Florence Duncan, with Miss Nina Wright at the instrument and the flowers which were many and beautiful were cared for by Mrs. Ida Kitner, Miss Celia Olverson, Miss Clara Toussaint and Miss Lena Engel. Interment was made in the Jacksonville cemetery and the bearers were: Louis H. Engel, Cass Hamm, C. F. Walter, Louis Toussaint, J. E. Hall and Charles Rataichak.

**Dunphy.**  
The funeral services of John Dunphy were conducted at 9 o'clock Monday morning from the Church of Our Savior, Rev. Father Crowe officiating. The remains were laid to rest in Calvary cemetery and the bearers were all cousins of the deceased, William, James, Henry, Michael D., Patrick J. and Stephen Shanahan. Interment was made in Calvary cemetery.

Among those here to attend the services were Mrs. John Walsh and daughter Irene of Chicago, and Frank Davison of Goodland, Kan.

**Wright.**  
The funeral services of Sancho Wright, were conducted at 4:30 o'clock Sunday afternoon from the residence of his parents in Franklin, Mr. and Mrs. A. H. Wright, Rev. J. E. Teaney of the Christian church officiating.

Music was furnished by Misses Gaynelle Olinger, Beulah Roberts, Dorothy Sargent and Ima Berryman. The following songs were given: "Just Beyond," "My Father Knows," "Face to Face." The flowers were cared for by Mrs. Charles Cussins, Misses Kamille Wright, Grace Roberts and Margaret Donahue.

Interment was made in Franklin cemetery and the bearers were: Timothy Luby, Hal Roberts, Lee Meredith, Edgar Eador, Elmer Bearup and Richard Whalen.

**Johnson.**  
Thomas Johnson, a resident of Christian county, died Sunday afternoon at 2:50 at the Jacksonville State hospital. He was 45 years of age and had been a patient at the hospital since Nov. 24, 1892. The remains were prepared for burial at Williamson and Cody's undertaking parlors and probably will be sent to his former home in Christian county.

**Richardson.**  
Funeral services for Allen H. Richardson, the infant son of Mr. and Mrs. Henry Richardson, were held Monday morning and interment was made in Diamond Grove cemetery. The child passed away at the home of his parents, six miles west of the city, Sunday morning.

See our Buster Brown window. Boys get a new pair of stockings free for every pair that you wear a hole in at Tomlinson's.

**EXHIBIT CAR HERE.**  
The C. M. and St. P. R. R. has an exhibit car here at the Wabash station. It carries an exhibit of grains and grasses from the Dakotas and other states in the north and northwest and will be here today and Wednesday.

## TWO MILLION DIVORCES RECORD OF U. S. FOR FIFTY YEARS

**Illinois Leads Other States in Number of Divorces Granted.—One Separation Plea for Every Six Marriages—Mark Set By Chicago.**

The first report of the Illinois commission on marriage and divorce, issued this month, gives the following statistics for the last fifty years in the United States:  
Divorces granted ..... 2,000,000  
Children made divorce orphans, estimated ..... 4,000,000  
Probable number of persons affected by divorce, directly and indirectly ..... 8,000,000  
Divorces granted in Illinois from 1867 to 1906 ..... 120,000  
Not only does Illinois lead all other states in the number of divorces granted, but Cook county outstrips all other counties for the same record, says the commission.

From 1867 to 1906 there were 632,000 divorces granted in nine middle western states, nearly one-half of the 1,287,320 granted in the entire United States in forty years. The population of those nine states was only a little more than one-third of the population of the United States in 1900.

**100,000 Divorces Granted.**  
It is estimated that during 1912 there were 100,00 divorces granted in the United States, and that the average annual increase for the last fifty years has been three and one-third times greater than the increase in population.

"The divorce evil," says the report "by its rapid and widespread growth in the United States, has become a menace so deadly that it threatens not only the moral health, but the very life of the nation."

It is stated that a gain of 50 per cent in the last six years in Cook county has increased the annual number of divorces from 2,864 to 4,259. In 1885 there was one divorce to every seventeen marriages. In 1912, one petition for divorce was filed to every six marriage licenses issued. The report continues:

**Fraud Legislation Urged.**  
"Most divorces were granted in default. In more than 50 per cent the service is by publication, when the defendant cannot be found or has left the state. This presents a large field for fraud. There must be additional laws in our state with reference to the hearing of divorce cases. It is the theory of the law that the state is in a sense a party to every divorce suit. Therefore, the commonwealth should be represented by the various state's attorneys of the counties in which the divorces are heard."

"Wherein lies the remedy? First and foremost, uniformity in the divorce laws of all the states. 'The evil of divorce is largely the effect of a condition and is overshadowed in importance by the laxity of our marriage laws. The statutes on marriage in almost every state are pitifully inadequate. The state necessity for uniformity in marriage laws exists as for uniform divorce laws.'"

Social conditions are also greatly to blame for the increase of divorce, but by a reform of the marriage and divorce laws, the soil for those social conditions would soon become impoverished."

See our Buster Brown window. Boys get a new pair of stockings free for every pair that you wear a hole in at Tomlinson's.

**WILL OPEN NEW ADDITION.**  
Walton Bros. of Glasgow, Ky., Will Put Street Through Morrison Property.

Leonard Walton of the firm of Walton Bros. of Glasgow, Ky., is in the city superintending some work on the Morrison property on Grove street which they have purchased. This property has a frontage of 331 feet on Grove street and extend south to Anna street, a distance of 600 feet. The new owners will run a street through the property, will gravel it and will sell lots on Grove street and on the new street. Mr. Walton comes to Jacksonville with good bank recommendations and is a real estate man of wide experience. The work of getting the property into shape will be pushed forward rapidly and then some very attractive building lots will be placed on the market.

Buster Brown Stockings, 4 pair for \$1.00. Guaranteed four months at Tomlinson's.

**SIGMA PI SOCIETY MEETS.**  
At the regular meeting of Sigma Pi Literary society held Monday evening the following program was given:

#### MISS GRACE NICHOLSON GIVES PLEASING RECITAL

Artistic Program at Music Hall Monday Evening Heard by Large Audience.

Miss Grace Nicholson, instructor in piano at the Woman's College, delighted a large audience at Music Hall, Monday evening with a program of pianoforte music that was given in a very finished manner.

Composed of numbers from the oldest school of music—Bach and Chopin and from the modern composers, d'Albert, Richard Strauss, Debussy and Schuetz, the program was one that called for many difficult styles of playing and much technical ability, which brought out Miss Nicholson's wonderfully singing quality of tone, clear cut phrasing and fine and exquisite shading. The audience showed its appreciation by demanding two encores, and after the first group Miss Nicholson played Chopin's "Berceuse," and she gave another after the final group.

The program follows:  
Bach—Bourée, Prelude and Fugue in F minor.  
d'Albert—Allemande, Gavotte and Musette.

Chopin—Nocturne F major, Etude in G flat, Ballade in A flat.  
Richard Strauss—Intermezzo, "Trauerherl."

Debussy—Arabesque, "La Soirée dans Grenade."  
Schuetz—"Valse Parisienne."

Buster Brown Stockings, 4 pair for \$1.00. Guaranteed four months at Tomlinson's.

#### WOMAN SENTENCED TO TERM IN COUNTY JAIL FOR VAGRANCY

Gives Name of Maggie Draper and Claims to Have Come Here From Kansas City in a Box Car.

When arraigned in 'Squire Dyer's court on a charge of vagrancy Monday afternoon a woman giving her name as Maggie Draper said that she would just as soon have sixty days as thirty in the county jail. She was sentenced to serve sixty days on pleading guilty to the charge.

The woman, who claims Holden, Mo., as her home town, said that she came to this city from Kansas City, beating her way on freight trains. She slept at the police station Sunday night and Monday afternoon was arrested and a vagrancy charge preferred against her. When arrested the woman had only 5 cents. She is a cripple and says that her second husband left her when she was in Kansas City and that she has no near relatives in this state.

Members of Mallory lodge No. 30, K. of P., held their regular session Monday evening and heard a grand lecture in the ranks of page, esquire and knight by their chancellor commander, Burrell Hitt, after which they enjoyed a supper.

#### ADDRESSED SERMON TO KNIGHTS OF PYTHIAS

Large Representation of Local Lodges Heard Rev. W. L. Dorgan of First Baptist Church.

In accordance with annual custom the members of the Jacksonville and Favorite (Lodge) Knights of Pythias heard their special sermon Sunday morning, preached at the First Baptist church by the Rev. W. L. Dorgan. The subject of the discourse was "What is Your Life Worth." About 230 members of the lodges gathered at the hall and marched in a body to the church. T. M. Tomlinson and Edward Tendick, bearing the banners of the lodge led the procession. They were followed by M. F. Dunlap and J. J. Reeve, officers of the grand lodge, and Charles A. Barnes, past-supreme chancellor.

In the first part of the address, which the pastor based upon James 4:14, it was pointed out that life is a thing which cannot be defined. The scientist in his laboratory, though he may have written volumes about life is unable to tell what it is.

One of the apostles in the gospels likens life to a vapor, that is a thing very brief and very transient. Life has three aspects, the self-will, the outward, and the Godward. We cannot tell what impression we make, which means so much to us will have upon another. It is enough however for each to do his best. We should not waste our talents but should strive to realize the highest development of which we are capable, to do the biggest jobs within our power. Worse than its effect on the individual, when you consider a wasted life, is the banal influence upon other men. The Knights of Pythias place particular emphasis upon the influence of one life upon another. Their is an influence which extends beyond their order and works for good throughout the community. Then, there is the upward or Godward aspect, which makes the soul what it is. It is what you are that counts, not what you possess. You should look to things eternal rather than to the amassing of wealth, to the laying up of treasures in heaven and to the perpetuating of an influence which will be lasting, uplifting and enlightening.

#### INITIATE TWELVE MEMBERS.

At the regular meeting Monday evening members of Urania lodge No. 243 I. O. O. F., initiated a class of twelve candidates into membership in the order. A class of twenty-four was scheduled to take initiatory degree Monday night but some were out of town and others were detained by illness. They with a number of others will be given the work at next meeting. Following the work an excellent lunch was served under the direction of W. H. Anderson, James A. Crum and A. L. Conlee. The candidates initiated are: George W. Spires, James H. Butler, Charles F. Kins, James M. Downs, Fred Miley, James A. Guyett, Leonard L. Acre, Maurice A. Peckham, Horatio Black, Lambert Taylor, Fred H. Clark and Clinton Moore.

#### DECATUR COMMISSIONERS MAKE DEMAND FOR NINETY CENT GAS

Will Put Test Amendment Clause to Company's Franchise — Rate There is \$1.10, Same as Jacksonville.

The city commission of Decatur Monday passed a resolution demanding that the Decatur Railway & Light Co., reduce its maximum rate for gas to 95 cents per 1000 feet with a rebate for cash within a specified time of five cents a thousand. The lowest rate in Decatur now is \$1.10 per thousand and the same rate is in effect here in Jacksonville. The McKinley syndicate owns the plant at Decatur and the one in Jacksonville.

The action of the Decatur commissioners is in the nature of a test case for the amendment to the original franchise ordinance of 1896, adopted two years later, in which they expressly reserved the right to regulate the rates.

The company since that time has voluntarily reduced the rate for gas to \$1.10 from \$1.50 as a maximum.

The Decatur Schedule.

An ordinance granting a franchise to the D. R. & L. company passed in April, 1896, fixes the rates to be charged per 1000 cubic feet of gas. That schedule is:

1000 feet or less, per thousand, \$1.50.

1000 to 5000 cubic feet, per thousand, \$1.25.

500 to 10,000 cubic feet, per thousand, \$1.15.

10,000 to 25,000 cubic feet, per thousand, \$1.

In March, 1898, there was passed an amendment to that franchise, providing that the city reserve the right to amend or change the terms of the ordinance at any time, so as to make the price of gas per thousand feet the same as the prices in cities of Central Illinois of substantially equal population, and consuming substantially equal amounts of gas.

Rates Voluntarily Lowered.

Several years ago the Decatur Railway & Light company voluntarily reduced the price of gas so that the average household now pays \$1.10 per thousand feet.

Recently, the city of Elgin gave the company there a new gas franchise, by the terms of which the price of gas is fixed at 95 cents per thousand feet, and if the bills are paid on or before the eleventh day of the month (for the preceding month) there is to be allowed the customer a discount of five cents per thousand feet, making the net charge 90c per thousand feet.

Elgin is a city of less population than Decatur.

The Decatur commissioners have determined to test their authority under the amendment passed in March, 1898, and to do that will ask why the Decatur Railway & Light company does not reduce the price of gas to the level charged by the company in Elgin.

Possible Reply.

It is possible that the reply may be that the failure was due solely, to the fact that there had been no information, official or otherwise, that prices were lower elsewhere. There may be excuse for that, too, for the Elgin ordinance is a recent enactment, the 95 cent rate becoming effective only January 1 last.

The famous Phipps' Hat of New York City have arrived, see them at Herman's.

LOSES VALUABLE HORSE.

Alfred Souza, who resides northeast of the city, had the misfortune to lose a valuable horse Monday, the animal dying from lockjaw. The horse was valued at \$250.

REVIVAL SPIRIT CONTINUES.

Although the revival closed a week ago at Grace M. E. church, the evangelist spirit still prevails. The pastor, Rev. J. W. Miller, preached Sunday night from the subject, "Lend Him Your Boat," and there were three who united with the church.

A series of talks will be given by the pastor commencing Wednesday evening (prayer meeting nights), running through the months of March and April on "Pilgrim's Progress." The Sunday school, under the superintendency of Judge F. E. Baldwin, is doing a splendid work. Sunday there was an attendance of 300 with a collection of \$8.00. The orchestra of fourteen pieces is also furnishing some excellent music.

#### VETERAN OF CIVIL WAR DIES AT HOME IN FRANKLIN

William M. Gray Passes Away After Long Illness—Had Been Totally Blind For Nine Years—Funeral Wednesday.

William M. Gray, a veteran of the civil war and long time resident of Morgan county died Monday morning at 10:30 o'clock at the family residence in Franklin at the age of 69 years and 28 days. He had been in delicate health for a number of months and for the past few days his illness was of a serious character. It was while Mr. Gray was serving in the war he received an injury to his eyes by smoke and powder, which eventually cost him his eye sight, and for the past nine years he has been totally blind. Although he suffered this great affliction, yet through these years of darkness he had ever manifested that spirit of bravery, which distinguished his gallantry in war, and lived uncomplainingly. He was a man of honest endeavor, whose life was prompted by the spirit of righteousness and those principles which go to make up the true citizen and splendid neighbor and friend. For over 40 years he had been a member of the Baptist church and was also a member of the G. A. R. of Waverly.

Mr. Gray was born near Manchester, Jan. 27, 1844, and while yet in his teens enlisted in the Union army being a member of Co. F, 61st regiment, Illinois volunteers. He saw more than four years of active service in war and when mustered out he returned to Illinois where he took up the occupation of farming. He married Miss Rebecca Foster, Nov. 8, 1866. For over 35 years the family resided in the Waverly and Franklin communities, first going from Manchester to Scottville. They have lived in Franklin the past four months.

They were parents of eight children, five boys and three girls, of whom the following, together with the mother, survive, Mrs. Mary T. Crawford, Girard; John W. Gray near Waverly and Charles A. Gray of Dudley, Mo. He also leaves one brother, William Gray of Manchester, and an adopted child, Arlie Kittinger.

Funeral services will be conducted Wednesday morning at 11:30 o'clock from the Baptist church in charge of Rev. Asa Stumper of Girard, assisted by Rev. Mr. Asher of this city. Interment will be made in the Franklin cemetery.

**KENWOOD**

Cigars taste like 10c cigars, look like

10c cigars, cost 5c.

To the mothers who wish to provide the boys' summer wants, now is the opportune time to make your selection from the new washable suits.

'The Mattress That Puts Them All to Sleep'

NOT TUFTED,  
GUARANTEED 20 YEARS

Has been tried and approved by half a million people. No better mattress could be made at any price, yet it sells within the reach of everybody.

At first sight it is hard to make people understand the wonderful qualities of a Sealy Mattress.

It looks different and feels different from any mattress.

It violates all the hoary-headed mattress traditions. Instead of being straight and dotted with tufts, it is smooth and curved. Instead of being hard to the touch, it yields to pressure with the gentleness of a fine pneumatic cushion, and yet with none of the clingingness of the old feather bed.

One has to sleep on it to understand why it is that so many who have tried the Sealy mattress refuse to use any other kind.

We are willing to let customers prove this mattress out for themselves, to send one to your home and to take it back any time within 60 days, if it is not all you hoped it would be.

You are the sole judge of its merits. There will be no quibble about it. Any mattresses returned are sent right back to the factory and are not sold again.
